

## Greetings from the land of Romania!

Today Jesus is closer to us than any time before. Let us draw near to Him for Christ's second coming on the earth is around the corner. Let's make the most of our time now: Draw near to God and He will draw near to you. James 4:8a. Redeem the time because the days are evil. Ephesians 5:16

In this present world, we need God more than in any previous generations. The world leaders are guided to entice and deceive even the believers in Christ from the uniqueness of Christ salvation and our trust in Him. We must keep connected in the fellowship of the believers and remain strong in these evil days.

## ON THE WAY TO ROMANIA

At last, we made it to our native home country of Romania! But it was not an easy return. We struggled like never before. Many in America don't understand well that the European Union is the leading force to enslave people under the yoke of a globalism order, and at least half of America follows the same trend. We really need to pray for the younger generation who was educated away by a social global resetting order. Many still don't understand that this is a satanic snare attacking to deceive the children of God. We need to wake up.

## NOW ABOUT WORLD MISSIONS:

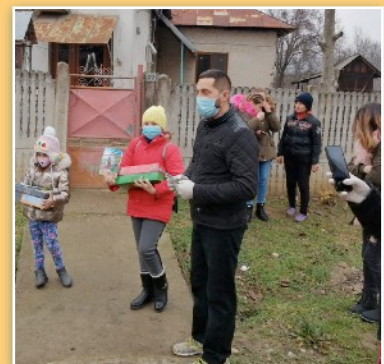

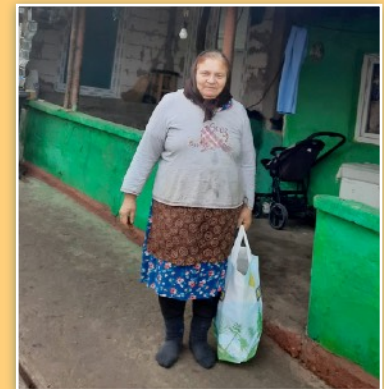

Within three days before leaving for Romania, three times we took the covid test, and it always came back negative, but still not validated to travel to Europe. As of the end of March, Germany changed the rules. The test validity was lowered from 72 hours to 48 hours from the time taken until

reaching the destination. This abbreviated time was next to impossibility to reach the end of the itinerary, and there was a zero tolerance to be accepted to board the plane. However, we felt to take a step of faith, and convinced our Phoenix flight attendance with a manager's approval to let us fly the first itinerary leg to Los Angeles where we were to board the international flight to Frankfurt. Believing that the test we took just a day before by God's mercy the results will show on our phones earlier to allow us to be checked in for Frankfurt flight. But the new deal was that our luggage must be checked out in LA as well. After getting our checked luggage in LA we have to carry it on the sidewalk outside the airport for about a mile to reach the international check in gates. Moreover, Alina our oldest daughter who was joining us in Romania was with her little girl Marigold, and we needed to carry her as well. But about halfway to the departure terminal gates, we had observed across the airport premises an impromptu booth which gave covid tests. We crossed over and inquired and immediately took this new test as well, paying for each test \$80. We managed because our Frankfurt flight was to take off in about five hours. We hoped to get the results just before the flight. Praise the Lord just in a couple of hours we got the negative final test, and right away checked us

again on the itinerary track back to Romania. If we didn't get it in time, we'd have missed the flight but by God's grace we just made it as the test we took a day before came too late

to make this flight. This is another good miracle, isn't it? Satan fought us to prevent our return to Romania. He knows that we are dangerous to the kingdom of darkness. This is like fighting the war on the front. We learned all over again, that we should never give up but push forward to victory. When God sends us to reach someone, no one is able to stop us. We defeated the devil and his cohorts working for his kingdom.

I remember well in the past more flight problems like this one to return to Europe or Romania or sneaking out of Romania. Really, I felt the time had whirled back at least 40 years ago, and even worse. Factually, our world progressed a lot but our freedom regressed the more. Electronically we hugely advanced, but our movements are controlling even more. We can't live or fly without these modern advancements, but just let us make use of it to the uttermost, like speaking up, writing, encouraging and building our brotherhood in Christ. Let us use it for the furtherance of the Kingdom while it is still day light.

In conclusion, Satan can't do any better, but just to control and dominate people's mind, the inner and the outer parts of humanity. But the victorious answer is God with us, living in the salvation of the Kingdom and our Lord Jesus Christ's enclosure! Now the end of this negative, but victorious life episode.

### **Next we are marching to see what the Lord is doing today.**

The Kingdom of God is always conquering new hearts and lands, regardless of any of the social politics of those we see around us.

Hope you had read already my biography ministry book. I'm sure, you'll be encouraged by the supernatural wonders of divine miraculous interventions spread over good and bad times. While reading remember this thing is much deeper than can be expressed either verbally or by the written word. God Emanuel is with us and very real! Also, I do hope you are able to read my recent book: "Rebuilding the Apostolic House". It is all about how to be a real strong church. I'm reminding you, we are the church, and not the stone or brick building. The strong church is a personal applied connection of us to it, a lot more than a general touching

movement. Do not expect others to do something for you to follow the Lord but be yourself the church, connecting to the living church, this is the only way to assure winning.

If you are interested in getting more from God's compound, just order these two books, available on Amazon. And let's do more to redeem the short time we have here on the earth. Let's create something eternally while staying satisfied fulfilled and happy in Christ Body.

### **Praise the Lord for what has been done already in CCFR outreaches!**

First, I want to appreciate the work of Bob and Millynn Brown our co-workers in Christ for Romania. Theirs is a passion and quality work to stay ahead of the times. I do feel blessed that He prepared over the many years a wonderful work team for us. We started a small thing, with the faithful family of Rusty and Linda Bowles, then a huge jump shown up with the most dedicated people I had known who truly loved Romanian people, Lowell and Sally Senitz. And then continued with the most passionate family for Christ missions, Bob and Millynn Brown. Bob is also a graphic artist and printer and designing high quality. A lot their family life was spent on the world mission field. Now, do you think I searched for these good people, not at all, but just prayed and believed for the best helpers to stand along with me, and the Lord just sent them to me. They offered a hand to help carry my heavy load.

Besides, almost all of our supporters and sponsors came the same way, mostly shown up to help carry our heavy load to reach Romania for Christ.

Here are a few just from the last couple of months, who besides loving us supported and

sponsored worthy projects with us. If I had the time and space I could name these our providential miracles working as personal fund raisers. These brothers and leaders heard first from God on picking up a few worthy projects for CCFR without our special asking but just by reading a newsletter, by a letter, or a book. They first heard the Lord's voice then they acted. Here: Brother Kelley Brake, Ethelynn Sherwood, Mark Sherwood, Dale Landes, Dale Yerton, Ed Huie, Richard Heard, Mark Duke, Harley Fiddler, Tony Abram.

These funds were used to sponsor an emergency pastor's dental work. Pastor Costel could hardly preach because of the dental problems. My friend Costel Gramada, oversees an extensive eastern side of Romania. Other of our supporters helped establish a new church planting ministries in the spiritually barren southern region of Romania. Others helped the purchase of a home to transform it in a church for the new converted believers, another to purchase a central premises to raise up a church home for the new harvest on the old and new Pinnacle little towns in the southern Romania.

There are more supporting brothers in Christ endorsing the general works of the ministry, a fund used wherever mostly needed.

The special needs in Romania are waiting on a long list, and each dollar is used wisely to rescue children and family in urgent cases, backing up a variety of special needs: Like food, clothes, shoes, medical assistance.

Now, back in Romania we'll be bumping into these needs while fighting on the front lines. We'll be plowing, seeding and harvesting the fruitful land of Romania.

Thanks everyone one of you for your generous support both big and small. For either small and big it helps a body to mend and a soul to save! Like lately, I received from Norma Lineberry, a missionary wife, widowed, \$50 but it touched my heart as I knew this money means a lot for her, and it will be multiplied to help another widow in Romania.

Please continue to pray for Christina, Viorica and I, as well Alina and her baby who will stay a shorter time in Romania. Here, we're on a very busy mission schedule around the country as we want to accomplish as much as possible because the time is very short. And let all of us redeem the time transforming and transferring it to become Kingdom eternity value!

With love from Romania,

*John & Viorica Dolinschi*
