

DEC 2022 NEWSLETTER

Greetings and Love from Romania's country roads, traveling around the southern region and reaching to its extremes on Serbian and Bulgarian borders!

First, my best wanting to write this letter is to say to you a heartfelt

MERRY CHRISTMAS and a special blessing of our good and rich FATHER GOD for the end of this year and over the whole New Year covering each one of you through all things! May Jesus personally visiting you with His divine blessings over you, your home and family!

This short letter is to specially thank you for being part of our Romania family reaching the heart of our people from the top of their head to the bottom of their feet; from the inner cities into the outskirts of Romania and also this year passing the blessings to Ukraine, Bulgaria and Serbia as well.

THANKS FOR: Reaching the unsaved within the Gospel of Christ Jesus, building and discipling many Kingdom messengers around the country thus rescuing and saving a multitude of souls who were brought into the fold of Christ Jesus.

Discipling the new believers to grow to become mature men and women of God unto the measure of the stature of the fullness of Christ.

These believers did the most witnessing and evangelism around, reaching their neighbors, anyone near to them, their own family and friends. Further, reaching the strangers who were touched by Jesus Christ love which was residing in these sons and daughters of God, and they became the friends of God thru divine appointments.

Blessing the poor families, needy elders and kids who were in need of a loving touch. They were helped by a visit, a helping hand, providing food, clothes and shoes or even providing repairs or rebuilding of homes or equipment.

Often these practical ministry leaders were provided support and bonuses to run for another mile while reaching another soul, village or town as happened during this season I spent in Romania. In the last couple of months a few thousand dollars taken from Special Romania Fund became a blessing to several leaders who were on the edge need to get a provision miracle so their ministry to go forth too.

This past year the children outreaches continued, moreover, were extended to more teenagers and children like to attend the summer camps, and in more locations than last year. The charitable and evangelistic outreaches for teenage children which were planted to run in more regional locations than before, hundred of kids received a new blessing from their Father God.

Marketplace and home church planting went into higher gear: Just to name a few of church planters such as Pastors Milo, Laurentiu, Ioan, Relu, Marcu, Gigel, Nicu, Tica, Ilie, Dorel and more true disciples the Lord raised for Him under our loving wings.

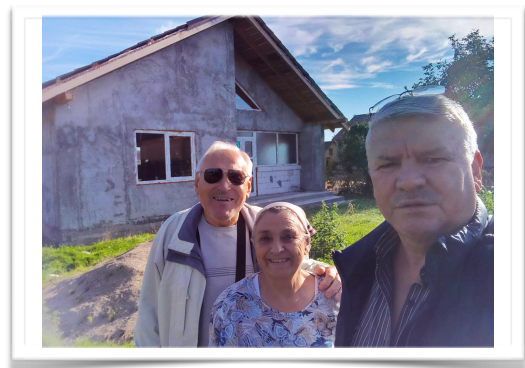

Winter Christmas shoes

Project for the poor kids may begin very soon to bless and light up joy for the couple hundred of precious kids. If anyone still wants to give to this heartily project, you may do it over the month of December as well. We'd like to extend the mercy given for the frozen feet project until the end of the year as usually we know that some kids will be left uncovered, and we'll return to bless them as well.

Most locations reached were in the south to the north and the west side of Romania. Let's continue on this great revival move of Jesus that goes up into the last days just before our Lord is coming to reign over the whole earth.

From this early fall into the December, I was kept very busy, praying, meditating, thinking and speaking, teaching and preaching, finally, fully activated into practicing it, taking step by step.

There were a couple of church buildings which were started and one just about to be finished. See, here and there the church needs a gathering fellowship places or the families homes of some villages may be too small to hold a church meeting. Here is Pastor Gigel at a church we helped build.

Church buildings in progress are in Valea lui Patru, Piscu Vechi and Orsova. If anyone feels led to finish up here a church building that cries the need for the people to use it as soon as better for them. Then, we'll receive it like from the hand of God, sure, is He who sent you to do it to help a people in much need.

Now, ending this letter with my own invitation for you to visit us in Romania. You are welcome to be with us at anytime over the next blessed 2023 year of the Lord for Romania and the world.

Specially, you pastors and teachers return over again back to your missionary field country, the church leaders of Romania are eagerly wanting to see you back amongst them again. Now the Covid-19 break off from the ministry went far off into the past. Now is just a great time to refresh and renew again our family ties standing together as one people for the Lord Jesus!

Now, looking for a most happy blessed year of 2023, to hear and see one another over the next year!

Thanks for sharing your seed with us!
