2019-2020

**ON THE COURT**  
WITH LIFE CENTER

**JOHN'S**  
**AUTOBIOGRAPHY**  
NEW BOOK RELEASE

The history of this ministry speaks about a foundational background of where and how we started. It is a biography of a man sent from God into the world, working together besides an apostolic team who believed in God's given vision of that person. This ministry would not be without a strong disciple team, apostles and followers who are standing as one to take their world for Christ. The following principle stands strong as well. There is no real apostolic ministry without cruel satanic opposition, because Satan hates the truth, the real Christian and the godly heritage of Jews. Here in this newsletters, and in the book I just wrote is presented the history of John Dolinschi and Christ Commission for Romania.

The Christmas  
shoe give-away  
warms not only  
the feet, but the  
Heart.

Read this story of the Works of Evil and what it dose to Humanity, and God's goodness.

Marin and Maria Papina, are living in the village of Desa, Dolj, bordering Serbia by the Danube River. They have six little kids from the age of seven month to 8 year old. Their

father is serving two year in prison after stealing provisions for his poor family. He was working in a small company for a low salary . The kids mother found Jesus, the author and the creator of all life. The father gave his life to Jesus in prison.

Deliverance came to this stricken by sin and poverty family. Right there the darkness dissipated, and the light of Christ filled a new home rescued and saved for eternity.

The whole family still lives in a one room house with nothing else inside but just happiness and hope.

Recently, Pastor Gigel paid them a fruitful visit to bring them food and winter shoes for each child. This gift of warm winter shoes on their feet allows them to play outside in the snow and the oldest two can attend school. An overjoyed gladness filled the one room house. Children were either crying or laughing but both celebrated with joyful noise because they got something they never had before. What a joyful celebration we brought to their lives. Our Lord came to save the lost sheep of a dying world.

All their shoes were just flip flops which were not fit for this cold area they live in.

The mother thanked our visiting team to almost kissing their feet like the sinful woman in Jesus story. And they extended thanks to all of us in America who did help for this project to be done again. A special thanks to Life Outreach team who never relents from coming to help.

This story is like so many other stories about the shoe ministry. I wish we had space for them all.

### ***The high standard of our Life Center Home.***

With us are the best diligent students who are achieving the highest marks in school. The university professors sent us thank you letters, as well as congratulations for the students of the Life Center who live great disciplined lives.

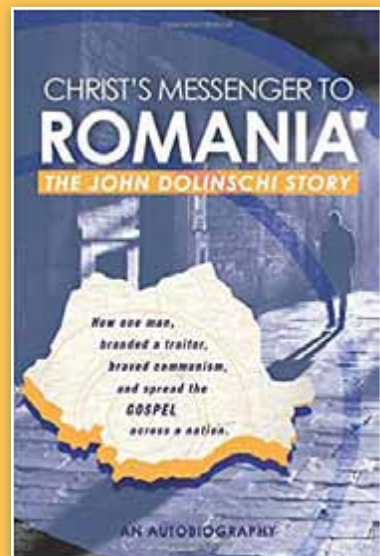

PTL! The Life Center staff, their counselors and pastor, and the universities and faculties all have only good reports for our students. Besides, all of the Life Center ministry outreaches were well accomplished without any fault.

We're happy to see these kids coming from the poorest families and poverty areas of Romania not only succeeding but being promoted to new levels of life and society.

Many of their supporting people are their older brothers and sisters who spent at least a year with us. This is so sweet when they make time to help another person to follow the Life Center tracks. These kids are coming from the very poor families whose parents have little time for them as their first care is to provide food for their other offspring. Others are coming from broken homes with only one parent, and a few worse. They were raised by their

relatives or in the foster's homes. It is so good to establish a loving-caring based for them, as this will mark their lives from now on.

We were honored to have brother John Dolinski present at this school year opening of 2019 - 2020. He was a blessing to the student body and the students were a joyful blessing to him. Everyone knows around here he loves the young people.

### **Shoes for the Life Center Kids**

The weeks before Christmas we spent about \$1500 for the Life Center winter shoes. We also helped a few other large families around Timisoara.

All of them received a pair of warm shoes, they were so happy and blessed to have this free gift in addition to help already given. They give their thanks to Life Outreach Today, James and Betty Robinson, to Ralph Done and to all the LOI staff team for their help in Romania.

### **Life Center Testimony**

My name is Iosif Florea, I'm one of fourteen kids from a large family, consisted of nine boys and five girls. I'm the fifth one born in the family. Today in my parent's home are eight children from the age of twelve to my sister of four. My parents first concern was to raise all of us up well. Money was always short, so we learned to trust God to provide, like shoes and clothing and sometime food. My fathers wages are very low as most of our working area people are out of permanent jobs. My mom is a great house mom and wife. She kept us clean and made sure we're fed. She tries her best to discipline us to be diligent students at whatever school we attended. She tells us that we should be well trained and find better jobs moving to the large

cities. They pray that we'll be successful and prosper in life and not stay poor as they are. When we started schooling she called us her little smart student and a future university graduate.

Their loving prayers did work well. I made good grades in high school but going to an expensive university was just a big dream. Family money is too short to sustain me and the others in the big city's universities. But then I heard about the Life Center and met with a graduate from a Timisoara university who was fully assisted by the Life Center. He encouraged me to apply immediately as their beds are filling up quickly. I did, and by God's grace I was among the first to apply. It took a short process and they accepted me to be part of this great life family center. Most of us are university students, helping and blessing, and praying for one another. What a great home to live in! Here everything was offered and included, conditions of life high above the average. My parents are thanking the Lord for me, and the Life Center and those behind who are assisting this ministry.

Thanks for being a great rescue and help to me. My needs were many and I needed help.

**Thank the Lord the Life & History Book is Ready for you!** You will want to read the whole story behind the scenes. I'm sure not anyone who knows me personally has access to all of these miraculous stories. Truly these stories will encourage and uplift all the readers who sets their eyes on them. It was the true grace from the Lord that I could write it!

*John Dolinschi*

**Here is a summary of what the book contains.**

Divine miracles, supernatural deliverances, extreme betrayals, horrific persecutions, daring escapes, angelic visitations, and a romance that spans two continents... For John Dolinschi, this is the story of his life.

Share in this modern-day apostle's journey through the rise and fall of Communism and the revival of the Church in Romania. Witness

how God called John, giving him a vision and a burden to accomplish His purposes, and equipping him to walk in the miraculous for a country in desperate need of the power and grace of the Gospel. Learn how the darkest inventions of human beings will always be overcome by the impenetrable light emanating from a man or woman commissioned by God. —And discover how you too can expect nation-building faith along with an unending supply of miraculous interventions when you hear the call of God, and simply say, "Yes!"

***John Dolinschi was born in Romania under the iron grip of communism. After escaping as a refugee, he made the long trip to America where he would graduate from Christ for the Nations Institute in Dallas, Texas. Years later, he brought the gospel back to***

***Romania, smuggling Bibles and providing medical and nutritional aid for the needy. He and his wife Viorica have started Bible Schools, Life Centers, and Church plants in Romania, assisting orphans, teenagers, and providing outreach camps for the most spiritually and physically needy. Today, he develops disciples and leaders, teaching seminars all over Romania.***
