

July in Romania

July is the seventh month of the year and a good time for all of us to take a little time off and study and count the goodness of the Lord. This reminds me of when I was living in a socialistic state farm area in Romania. Around this season farmers got a break from their hard work. We would be waiting for the next fall season

harvest time as this was a growth maturing time for most of the crops.

However, here as workers for Christ, we never get a real vacation season but rather thanksgivings and resting times while blessing the Lord of what He has done for us. Certainly, while worshipping Him, we will continue the work of blessing people around us. The Bible calls these people our neighbors, the ones with direct contact with us. While some of them may initiate a knock at our doors, the love of God in us will not let them leave empty handed. We share some of our best, sending good stuff back with them.

Now lets look at what the Lord has done in a year span:

Christ
Commission For
Romania

The Summery of What the Lord Had Done for Us

Here I am trying to give you a review of what the main ministries are doing in Romania: This is an accurate figure of salvations and Baptisms as much as possible that

have taken place during the CCFR outreaches this year. I am counting only those who had been personally touched and received prayer and discipleship follow up.

- 1, Life Center general outreach salvations: over 40 persons
- 2, Bible Schools and Bible Seminar Outreaches: 65 persons
- 3, Evangelism on Church Plants: 210 persons
- 4, Leaders and all members on Personal Evangelism and Witnessing: 350 persons

(Personal evangelism and witnessing; regular or spontaneous outreaches, like home visiting teams, street and hospital ministry, occasional evangelism including personal witnessing by our students, leaders and church members, reaching our neighbors and friends, mostly these are reached person to person or in a small group.)

- 5, Summer Camps and Children camps: around 200 persons
- 6, Christmas Shoes and smile: 29 persons
- 7, General Rescue Life and feeding programs: 27 persons

Children Summer Camps are Running

Presently, we are entering the season of summer camps. Some of our irregular camps may take place all around the warm climate season. But over July and August are the regular summer scheduled camps. These are meeting outside in the open. However, this year we are using restricted assmbley rules of people gatherings. Never in the past except during the communist era did we do this.

In contrast this is not because of the state controlled on life and religion but caused by this pandemic virus spread all over the world which is just a pre try for a world socialistic order. Also adding to it is the anarchic protests. I call it a *communistic try revolution* not a racial one. As on racial rights issues, today America is doing greater than most countries in the world, including here the European, African and the Asian continents. By contrast any socialistic countries citizen rights are worse than all the continents racial issues put together. Now, as the church of Christ, with our omnipotent King, Christians should powerfully pray in all the authority that was given the church and change the course of this evil!

We are here still in the camps as we are ministering to the younger generation: In Romania we will not stay inactive and dormant but getting together in settings of family safe groups. These groups are fellowshiping together as a home party, or on playgrounds or vacationing. We will organize them in a group of 10 or 15 kids together outside in a safe open area. We will keep together the same family or friend's groups. And for each of

these group is assigned a mature ministry leader to lead and interact with the kids. Here, they will have lots of fun to play games, sports, and all the while sharing Jesus with one another, counseling and special prayer sessions, and praying over each one of them. We provide transportation to the camp and back home, and delicious meals and snacks are included in this package.

Here is a good time for us to pray for their soul salvation, while they are taught and guided to grow up strong buds for Christ, and not a one world order.

Please consider a generous offering toward the Life Summer Camps

This Projects Needs Prayer and Support

Pastor Stelian Turbatu is in need of stomach-intestine surgery. This is an emergency matter to save a life, an active leader, living passionately in the ministry for the Lord. Reaching out to the unsaved, and sharing the Gospel and praying over people, he guides and leading them to Christ. He follows up with discipleship sessions. He pastors and oversees a couple of churches, under the watch of bishop Romulus Paraluta. Brother Stelian is a father of 10 children, spanning from the age of 4 to the oldest girl aged 22.

The whole expense for the operation is around \$2000. I will be happy if we can cover at least half of this expense.

Let together save a wonderful brother, pastor and a father of many biological and spiritual children!

Kingdom of God Embassy Ministries – Reaching

Pastor Iosif Belea does a lot of faith work in a Kingdom. Whatever God has given to us to do and accomplish if we are remain centered in Christ we will succeed.

Yes, what God starts will always be done well and finished. This is what we have always preached and believe and accomplished in the CCFR ministries.

Pastor Iosif, besides doing church has reached the least of them through safe houses, rescuing sex trafficked girls and women, keep pregnancies after sexual abuses, keeping women safe from aborting their babies, recovery and training from drug abuses and more.

Here brother Iosif is building a safe Kingdom house embassy.

If anyone is led of God to give a generous gift to finish up this rescuing building and put it in Kingdom use, a substantial gift will help to make a difference.

Please Consider the Poor, the Poverty Stricken and the Disabled

We still have the door open for assisting the needy families and church leaders due to the losses created by COVID-19. Over a couple of month hundreds of thousand of jobs were lost, and people are struggling to make the ends met day to day. Here, we are going to have an open givING door all this year.

Pastor Romulus Paraluta Became a Walking minister his Car is dead.

It is hard for a speedy diligent pastor to become a walking minister, at times depended on the horses and donkeys of other benevolent people. Sadly, his old car gave up at last, expired to be fixed or used no-more. His extended area of ministry is about 25 square miles.

Now, the family is praying for the provision of another reliable car. If you will join us in prayer before the Lord, for a divine provision then let us pray and believe for a car! A couple thousand dollar will make this worthy dream come true.

Love and our prayers for you,

John & Viorica Dolinschi

Safe House ministry

Join Pastor Iosif Belea and the new safe house that is being built. This ministry will minister to many girls and women caught in a sex trafficking and drug abuse life.
