HOME REPAIR

Praise the Lord all the times. Enjoy praising Him here and through eternity! Regardless of what we are encountering while on the earth, we are riding on the happiest destine track. We should enjoy victory after victory in Christ Jesus!

We are just back from Romania, where we had the best possible season. This was a God given predestined time to practically re-wire with the ministry there. Though spiritually speaking we were communicating the word of God that's above any human comprehension! Virtually speaking, we stayed connected by the ministry schedules and outreaches, by

exhorting one another, and teaching by swimming above the world's whirling waters. Regardless the circumstances of good or bad our good fight is to stay faithful to Christ till the very end!

I traveled a lot to meet as many of our brothers as I could. We met personally or in groups, as well as in

small church gatherings. All this was more than efficient and plenty sufficient, specially, when I visited person by person.

Besides the ministry, I did get a couple of TV interviews with the Christian Alpha Omega station speaking about the new books: "Christ's Messenger to Romania, and Rebuilding the Apostolic House", both received a great reception in Romania.

Project: Rebuilding the Apostolic House book, this book is fully translated in Romanian and by now should be on the editor desk, then by August it should be published in Romanian. This book alone will help those hungry leaders and pastors who are looking for a church building handbook

that will teach and guide them through the process from start to finish. This book is a self-teacher designed to grow healthy and strong churches for the Lord. In it they will

get the right help when things are not going well, or when they are feeling that something may be missing from the big puzzle.

Please if you feel led by the Spirit support the publishing and the printing. The price of the book alone will not cover the production cost. Many copies will be given for free sent to the key pastors as well to any hungry reader who are not able to pay for it.

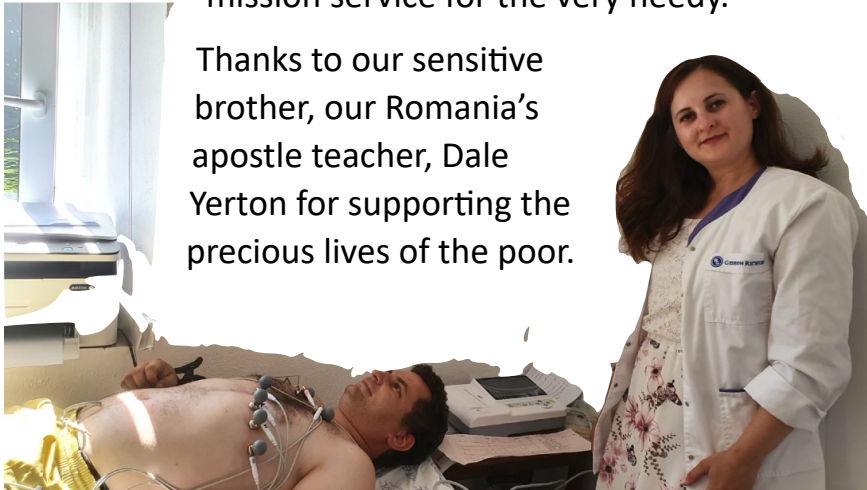

Praise Report: Poiana Mare Christian Clinic

Our sister, the family doctor Denisa Feca reports that the heart-lung medical unit, Electrocardiograph, is in full operation at the clinic. It costed a little more above the \$1000, but here we have a great medical

Remus and Florica Malacu are raising eight small kids

improvement for a very poor region of Romania. This Medical Clinic gives half discount prices for most of the patients, and some are not charge at all but gets a free pass medical consult. This rather is a medical mission service for the very needy.

Thanks to our sensitive brother, our Romania's apostle teacher, Dale Yerton for supporting the precious lives of the poor.

Many are needing both God's love backed up by our practical living Christ care, mending and fixing their bodies here, and saving their souls for the eternity to come.

Large Family Living in dire Poverty

Remus and Florica Malacu are raising eight small kids. This poor family had been cheated and defrauded of their own ancestral home, then right after were forcefully evicted out from the home they loved to live in.

Their home in the picture is not fully owned by them.

They paid a legal down payment for it but they will not

be closing until the home had been fully paid off.

The home is just a cover shelter from the outside elements so the kids may sleep in a bed and not on the streets. There is no utility services at all, no electricity, no running water either inside or outside the home. Instead, the hardworking mom is carrying

the water to provide the survival substance for the family from about a half mile away. A strenuous job for today's life and culture.

This father works for whoever may offer him a small job, transporting materials by their horse drawn carrier. He worked hard to make an income just to survive. His service goes to anyone who asks, but usually he gets a meager fee as the area people are poor as well. However, both parents are hard working people who are doing their very best to feed and dress their eight small kids, offering them their very best.

This project is presented by the local church leader Claudiu Feca who is the husband of Denisa, the medical doctor of our Christian Clinic of Poaina Mare. Both have a great passion and compassion to help and solve problems for the needy people around them. It is a real mission field.

The whole project is for \$3500 that will help to complete the house purchase, bring the electrical power in the home, dig a water well in their back yard, and bring the running water inside the home, and build a bathroom.

This will be a great eternal investment in rescuing a family in great need. This family has served Christ all their lives along with the

precious kids who are experiencing the hand of the Father over them.

Pastor Romulus Paraluta is a traveling fighter for Christ

Using his time diligently he looks like he is always on an emergency run. He looks like a surgeon who stands ready for the next emergency call. He is a great compassionate man, and a charismatic evangelist as well. He is a depth teacher of God's word, being a coach trainer pastor. In his car on daily basis he's running to be right on his schedule of daily ministry errands and also planted a dozen churches in the area. But his car has far passed its expiration date, and now the daily cost to keep it running are deep into his pocket.

He needs a new car, or at least a change to a better one. Here in this part of Romania the price for a reliable car is about \$5000. We are praying someone will be ready to pay for it, sending him off to continue his blessing of others.

Summer Camps came back into full operation.

Reaching the little children means to save the wholeness of someone's life. Jesus came to offer us the abundance of life. This means the fulness of our spirit soul and body compacted together in Him, this is the complete life in Christ. When a young child makes peace with God, fully saved, then their lives are turned around to bring much fruit as he or she lives.

David recalls his past younger life, bringing it as a reminder to the Lord. His early years he passionately

lived for the Lord, even as a younger overlooked poor boy he faithfully walked with God. Later on he was interceding before the Lord repenting for his later mistakes and sins he committed. This is exactly like my boyish life when I was walking a sweet life with Christ besides me and trusted Him unto the uttermost! Most, of these kids we reach are the first saved in their family. Many are being credited for rescuing their own parents from a hellish life, and the same for their sisters, brothers and friends. What a fruitful long life we may have here, makes a great difference! In light of this, let's pray for the kids and give toward reaching more children for God's glory!

As the summer breaks the camps are running over the month of July, and early August, so it is still the proper time to pray and give it all.

A few thousand dollars are already at work, preparing to start the camps!

Thanks for being a faithful partner in Christ!
