SISTER NICE
HER STORY

Open Church Meetings

Be encouraged by cheerfully rejoicing in the Lord!

A great summer season awaits us. Spiritually speaking it is hot from inside out, enjoying the blessings of the Lord! Jesus is the eternal Son who shines and gladdens our hearts, commending and acclaims our souls to trust our Heavenly Father! We will be fine, as we expect out best is yet to come.

Praise Report of the Christian Clinic

In our May newsletter we posted a project about building an extension for a medical clinic. The full price was required under a very limited span of time. We needed a quick sponsor providing the fifty-thousand dollars at once. I asked for one or two sponsors to help. However already, the building was sold to another entrepreneur who needed it badly. At least it will be ministry communication between him and the clinic. Thank you for praying and for those that sent so funds.

Thanks to God, this posted project produced some ripened fruit as our dear faithful friend of Romania responded to it. Our great teacher Dale Yerton involved in the pastoral seminars, sent us a thousand dollars check toward the building purchase. Today, by his approval the Christian clinic had been furnished with a most demanding piece of equipment that it needed. This is

the Electrocardiograph tester used for the cardiac heart problems and to diagnosis the pulmonary thromboembolism. This way, many patients will be fully assisted and blessed to receive complete and safe medical care service locally.

Thanks to my good friend brother Dale who was just inspired to send the exact amount for this purchase. If there are other people who may feel they are called to medically help people in Romania, the clinic is still lacking lots of medical needy equipment.

In the next newsletter, we'll provide a picture with this special device and the doctor working with it, as the machine had been ordered but takes a couple of weeks before delivery.

Praise Report of the Open Sky Church

The team worker Pastor Relu reported about the Ginagova Gypsy church that at times gathers for worship under the open sky. Oftentimes, water baptisms takes place as the Lord regularly adds souls to His church.

Sister Nica is a lonely single lady in her fifties. When she was younger she married but because she couldn't give birth to children, her husband divorced her. She had to go back to her hometown and was allowed to live in her native old home where she grew up. The walls were made from fringes curbs (some kind of decorative blocks). During her absence the home degraded and became unsafe to live in, as parts of the walls and ceiling are split and may collapse at any time. She has no family around to help her. She doesn't have any steady income and has not reached retirement age to get some money.

However, years ago she looked for the hope of heaven seeking God, and a little friendship and fellowship. Soon after she found Jesus, was saved in the Piscu Vechi church, under the sheepfold care of Pastor Gigel Ignat. The Lord Jesus uses her in many ways, to telling others the good news that Jesus saves, and her life testimony of how she received the joy of the Lord Jesus. God blessed her with practical

Sister Nica Needs a Home

living skills and the depression left her for good. She has a great voice and regularly sings in the church or outside the church while leading other groups to evangelism and sharing Jesus.

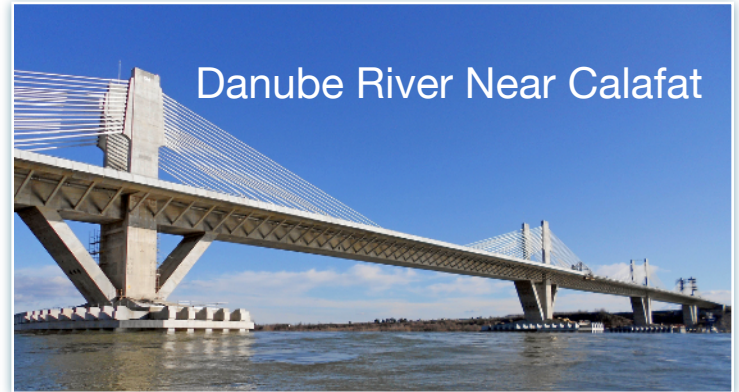

This urgent project to purchase the needed materials to rebuild for her a cozy two room home is about \$6000. Right after the funds are received, the Lord's volunteers will be building the new home before the onset of winter.

Apostolic Leadership Seminars

Church leadership brief seminars is what I'm mostly doing while in Romania. I just returned to Timisoara from a full week in the Southern region meeting believers and leaders face to face. These special meetings parallel the Danube River, just north of Bulgaria from the Calafat City to the Amarasti de Jos, Dolj County.

We are working along with the leaders who mostly are under the leadership of Bishop Gigel Ignat. Each evening we had a church like ministry and leadership services.

I am using most of my time to train and raise new leaders in the ministry, and strengthen the existing ones. Each believer is trained for daily witnessing and practical ministry into the spiritual, the physical and the material needs, just the same as Christ did. If this is fulfilled while all the children of God are doing their part then regardless of any pandemic evil spread over the world or political evil standing against the believers in Christ, then the church is still the winner. We win by conquering new lands and territories, when each true believer becomes a moving church in action. **And posting a reminder for us:** The real church starts from two or three believers who are assembled under Christ banner, then Christ is very present in their midst transforming them into a fire ball rolled over the face of the earth.

Please stand with us on this very end edge, as from this starting point all the works of Christ are done on the earth, but now, specially, in Romania! We sure need your help...

Please pray for us, and specially for me as in a couple of days from today, I'm going to take a long itinerary ministry trip around the country, going back to the south, east, north, west and back south to Timisoara. I will be starting with Motru, Filiasi, Bucharest, Urziceni, Suceava, Cluj, Oradea and then back to Timisoara, rather a long trip, exactly around the country. Pray for the fruitfulness of the trip! And pray for God's providence both the trip expenses and by answering the arising urgent needs on the white fields.

Thanks for standing with us friends!
