

WHY WE GIVE SHOES TO THE NEEDY
WE SHOW GOD'S LOVE AS AN INROAD TO REACHING THE SOUL.

Praise our Lord our mighty Warrior!

With Jesus we are always on the winning side of the aisle!

First things first: Please pray we'll be able to fly to Romania early April as of this month of March our traveling because of covid-19 is severe restrictions. The March connection flight from Germany to Romania were canceled, and our traveling adviser asked to reschedule for the month of April. Twice we tried to fly to Timisoara but instead the tickets money was refunded back to us. Hopefully by prayer, we'll make it this time, please join with us.

But, the work of Christ never stopped on our east-southern ministry White fields. Without stopping I have labored since about two decades ago. Yes, last year, I was not present in the body, but I felt I was present in the Spirit of God, watching closely the outreaches in these ready white fields. I am still doing the ministry of encouraging, teaching, and keeping up with most of our disciples, the ministry teams, pastors and churches. The communication never has been greater than this past year. Praise God for multiple networks we are using to minister the Word of God from any place on the globe.

Book Publishing Project

However, truly it was a miracle for me that I was able to write and publish the Life and the Ministry autobiography, Christ Messenger for Romania, just before this pandemic. And on this past January the second book was published; Rebuilding the Apostolic House. Now we're halfway finished translating it into Romanian. It is scheduled to be published in May.

Moreover, Christ Messenger for Romania has been already published in Romanian as well. What a real blessing for all my ministry counterparts in Romania, the ministry teams, the leaders, the disciples, our pastors and churches to have the practical ministry handbooks in their little churches, discipleship classes, and Bible seminars. Anyone can learn from my prototype of how to do ministry. Much of the book is from my Bible courses I wrote, lived and taught for decades in Romania. The books are representing me, like I'm right there in their midst, doing ministry along with them. Praise God that I occupied myself over the years to raise true disciples of Jesus, and spiritual sons who are following my footprints, walking with me. And while this pandemic runs its course, there are active running strong ministry for Christ running because of these disciples of Jesus Christ. Romania is experiencing the worse. People movements and gatherings are brutally restricted as never before. Thank God that you and I had invested in making disciples for Jesus, spiritual sons who follow our Lord's steps in Romania. Thank God, I'm still passionate today on raising true disciples of Jesus to do ministry to others. This is about the strong church of Christ, not our names.

Handbooks Teaching Project

Now, here I'm asking those who are standing for this cause of Christ: Today, I'm in the midst of writing the third book, titled; "Fathers and Spiritual Sons in the Church". By time I finish the book title may be a little different. But this next as the second volume to "Rebuilding the Apostolic House" This next book is about discipleship making, true Biblical but real practical handbook of raising Christ children until they reach maturity.

Helping the poor

A special offering needed for the books project.

I include all the books that I am writing and the recent ones published. The cost is high especially, in Romania. We pay upfront for the translator, the editor, and the publishing house, and then for printing. I am spending more money than what I am getting back. Some books are given as a free gift. The money from sales is reinvested back to get the new printing.

Thanks for those who already gave for the two books published in English. However, the Rebuilding book is still in the works in Romanian, and costing more.

I am praying that God may enrich you with plenty, to have and to give more for this worthy two book projects.

Hope you already have “Rebuilding the Apostolic House” I mailed it to all of our wonderful givers, if some of you still didn't get it, please call my phone number or just write an email message and simply ask for it.

Planting Churches and Helping the Needy

This is the Core Missions of Christ Church on the earth!

All of the regional pastoral teams are declared a great winning in this area of ministry. Here are a few leading pastors who specially acted on discipleship and church plants more than anything else; Constantin Gramada, Milo Novacovici, Romulus Paraluta, George Ignat, Constantin Prisacaru, Dorel Tudorache. Now each of these pastors are leaders over a vast region, they are like apostolic overseers covering about a third part of the south-east Romania. Together they will gather at least one hundred local pastors and churches. Why such success?

Because they are following the footsteps of Jesus. Christ, besides visiting the big cities like Jerusalem included the small villages and towns. He passed and stopped all over Israeli's towns. And while saving souls, He healed the sick and helped the needy and then the life prosperity spread over those towns that received Him. All through this process people were converted and became passionate to follow Jesus and became His most faithful disciples. In the book of Acts we see these disciples who were initiated by Jesus tracks became the pastor over their own church township.

If we don't digest well the importance of making disciples, then church planting does not prosper well. The primitive apostolic church speedily won new territories, and not only because of the Holy Spirit empowered the feeble apostles, who became passionate for Christ. But mostly because Jesus previously had plowed and sown all the white fields over Israel.

Acts 10:38 How God anointed Jesus of Nazareth with the Holy Ghost and with power: who went about doing good, and healing all that were oppressed of the devil; for God was with Him.

Should we not follow Jesus example as well, instead of expecting the unsaved to seek for us inside the four walls of the church?

Here are a couple of examples of the unsaved who were saved because of doing good to them. They were trapped and crying for someone to come and get them out.

Dina Codreanu 63, rescued and saved when her medicine lacked she was ready to die. Jesus entered in and provided the urgent

diabetes medicines. Iancu & Geta Iulica with eight small kids were provided building materials to make their house a stable and safe place to live. The old home was rotted out falling on them.

Emilia Craciun and three kids were out of food. Their mom was in the hospital, kids rescued and fed, today are singing praises to the Lord in the local church.

A mom Violeta Sambea 33, with two small kids sick with abdomen cancer. When the pastors and church prayed she was healed, and \$250 were spent to buy food for the family as they had nothing to eat. Today the mom, her husband and kids are committed to serve the Lord. They are actively helping other people around them.

Viorel and Vera parents with eight kids had their food supply drained to nothing. The parents sacrificed themselves to feed the little ones. But Jesus passed by and made the right provision. Their hardship season changed their lives for ever. They are serving the God whose hands gave the provision. Today Viorel is witnessing and preaching the Gospel to every creature, and the whole family assists the church and God's work. Now, we may go and on, but I will stop here. I want to see the church of Christ built up, and set up to stand strong on solid ground and on the highest rock that is Christ himself. I hope to get back again and continue these stories of God's mercy and work among us, and hopefully I will do more of it, just to remind ourselves of the goodness of God. These miracles could not happen unless Jesus passed through our midst.

Finally, let me conclude with this verse: James 1:27 Pure religion and undefiled before God is this, To visit the fatherless, and widows in their affliction, and to keep himself unspotted by the world.

Let us now bless the needy and the poor, and let's do good by standing to train more true disciples of Jesus, while planting churches!

Have a blessed March and merrily Springtime,
