

MINISTRY

PRAYER, DISCIPLESHIP

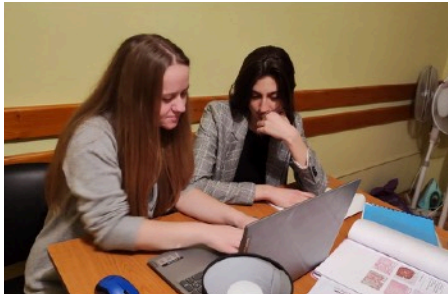

TRAINING, WORSHIP

A thanks given heart pointed to our Father God and to the people ordained by Him to stand around us is the bed seed of a gladdened heart. This is an open door entrance to the joy of the Lord which is the source of a fulfilling happy life.

Let's again have a moment of silence to thank the Lord for everything He has done in us and through us, committing ourselves to bless Him at all times.

## Testimony

Our names are Alina and Emanuela Prichici, we're sisters from a family of fourteen children. We had a humble upbringing, but most of us wanted to study for

a life career either in a faculty or university as our love is to read and study. Our mother was a studious young lady but because of the communistic system she grew up in couldn't get a higher level of studies.

Our family lives and survives on a \$750 month income. Today with ever rising prices, my parents hardly are making enough to feeding our family. There was no way we could be able to enroll on the higher level of studies schools. However, we heard about Life Center, that this is the poor student saving boat. We had met a couple of poor peer friends like us who finished their faculty or university. We dared to apply for this scholarship even though we had doubt, but still staying hopeful. Certainly, God gave us favor as the Life Center accepted us in their student assisted program! Two of us are living here — Ioana studies at the University of Medical Schooling, and Emanuela to Electronica Telecommunication University.

We are so thankful to all of you who stand behind this Life Center ministry to support the humble and little of us that otherwise are not able to study for a better life future career. We do really enjoy the true life in Christ here; spiritually, physically, morally and sociologically. Here our life dreams are being fulfilled, thanks to God and thanks to you all, our staff as well to John Dolinschi our founder and mediator. We thank especially Life Outreach International who are still supporting the fulness of life here in Romania.

*These are three pics depict final results of Life Center student body who had fulfilled their life dreams:*

Alina Olar graduated from university and exited the Life Center last year. In 2020 Alina married, and this year the young family had their first blessed baby girl. Today, they are truly fulfilled as their life dream became a living reality.

The bridegroom and his bride, who married this year, both graduated from our Life Center program as accomplished people blessed to receive their timely life assistance. We pray our Father to bless them as a strong family in Christ.

Ioana Prichici, another sister in the Prichici family formerly in our Life Center. You and the staff of Life Center are tools used by God our Creator to help these youngsters to reach the fulness of their lives

**Life Center urgent project:** In 2015 when a nightclub in Bucharest caught fire, 186 persons were badly hurt with threatening wounds and life disabilities. More than 60 of them either died on the spot or a short time while afterwards at the hospital. Since then, the state legislation had radically changed requirements of any public building with residences. Cities are demanding new fire safety equipment supplied by larger water tanks on the property.

In order to meet the requirements of the city of Timisoara for Life Center, we must upgrade our building. In 1990 when Life Center was built the requirements were much less complicated, so upgrading the building is a big project. There are many expenses including the blueprint project which will cost us about \$2500 and about \$35.000 to obtain and acquire all of these new fire facilities. For the Life Center this is an expense which is out of the ordinary budget. We do not have funds at hand and will need assistance from sponsors. If we are unable to fund the project, the city of Timisoara will not be able to certify us and we may face fines and the possibility of having to close the center down until the requirements can be met. Any generous donation will help, we're hoping a larger sponsor will come behind this worthwhile project. Thanks for your understanding and partnership with Timisoara Life Center!

### **The Harvest of Souls on the eastern and southern Romania sides**

Our apostolic overseer pastor Costel Gramada recently reported: The Coronavirus succeeded to generally produce panic and fear in the society as many have died because of it. It has caused fear in families and even families being split up. Most people passed through the illness but other just gave up and passed away. The biggest fear during the illness is the family separation and loneliness. There is social isolation as most COVID people are dying alone in a hospital bed.

In spite of this, people are drawn closer to God, spiritually people are hungry and seeking God more than ever. In the mother church of Urziceni, as well in our sisterhood of churches around, we

experienced growth as never before. The Holy Spirit draws the unsaved people to Christ. The dedication of the believers to the Lord is much higher than before the pandemic. It is a time not to give up but to serve and feed the hungry souls while reaching the poor and needy to bless them with whatever God provides in our hands.

Pastor Costel Gramada and his pastoral ministry team thank all of you, our partners for Christ in Romania. We're going to win as a local and international team joined together as one while consolidating the kingdom of God in Romania.

Reports of water baptisms are coming from the southern regions as well, leaders like Romulus, Gigel, Lazar, Petrisor, these regularly are sending reports and pictures about new conversions, water baptisms, and discipleship making. In the countryside where the COVID regulations are more relaxed than in larger cities so we have a bit more freedom to meet and visit those in need.

Jesus message to John the Baptist is still being fulfilled in these last days: Luke 7:22 Go and tell John, How that the blind see, the lame walk, the lepers are cleansed, the deaf hear, the dead are raised, to the poor Gospel is preached.

Please stand with us to get the preaching ,teaching of the Gospel, the disciple making, church planting, reaching Romania for Christ! And also let people know they are not alone but the Body of Christ family is with them!

### Christmas Shoes - Winter Project

Time to pray and give to warm the bare cold feet of the little poor kids of Romania! We got a funding from Life Outreach already, but there are many of you who would like to participate on this timely worthwhile outreach to bless our family on the other side of the world. The Lord's kids in our family who are inheriting the eternal Kingdom along with us can be blessed. There are thousands of kids who are lacking a pair of winter warm shoes. Let's help put new warm shoes on their feet!

### Praise Report of the home project rebuilding for Costel and Gripina Badalache, and their 7 old

daughter, Mihaela. As we initiated this project in August, Mihaela was suffering from a variety of lung deficiencies. The doctor said she needed to be removed from the home that irritated her disease no matter what medicine was applied. The family was living under the poverty level and no money for a move, remodeling or buying, no one was going to buy their shabby home. This is a remote part where jobs were not available. So, in partnership with a Christian builder from the city of Suceava, we provided the material funding, and he

provided the free labor to build a new home for them.

Still there is a need of other few thousand dollars to complete the home. They are living in clean environment with a strong roof over their heads, but we are still finishing two small bedrooms to prepare for winter in. Today Mihaela is receiving medical treatment and doing better than she did months before. When you look at pictures of her before and after and you'll see the difference. PTL! This family is fully dedicated to Christ and His testimony, and they make a difference in their neighborhood as more people are added to the Lord Jesus home. This is a way to do good, though may be small stuff for others, the Lord is in control and comes to bless even the more than our expectations! Let's move by grace and love of Christ to win our world around us! Let's pray and bless one another!
