WATER BAPTISM

New planted
church helps very
needy Mom and
kids.

Greetings from John in Timisoara, Romania. Please pray for an abundant harvest until the twelfth part of the year when the birth of Christ is celebrated, and a new year arises on the horizon!

October is the 10th month of the year. This reminds us about the 10th that the Father expects from His children. With our giving, God's blessings flow from here into eternity. Let's try to enrich ourselves into a sacrificial giving of faith to our unlimited God from whom all fulness of life and abundance flows!

Listen to a few who witness God's invested grace and blessings: Pastor Relu wrote me a text message! Pastor John I am so thankful to the Lord, but also to you and your team from America. We send our heart-filled gratitude both to teachers who lectured us and also to your team who supported us financially to make these Bible seminars possible. As a matter of fact, we have new converts who were discipled and some of them are already pastoring churches! I'm proud of my first discipled son in the Lord, Stelian Turbatu, who is pastoring besides me. Also I am proud of all of my ministry team. These leaders are working, planted new churches. They are Alexandru Badea, Daniel Serban, Marin Simba, and others in our extended working

team. Thank the Lord for the church leaders fellowship we have in Romania that produced hundreds of strong leaders all over Romania. Our extended ministry team is being trained under these regional and local seminars. Were not limited to what our hearts and brains could take in, but we received ten pounds of Bible courses, seminar notes and Bible materials that really have enriched our libraries with Bible literature materials.

Now, after all of this we are implementing the practical side of the ministry, training all our church members to go out and share the good news to people who are still not in the sheepfold of Jesus. We instruct them to tell their testimonies of how the Lord delivered and blessed them. John, it is exactly as you and your team taught us to do, to practice the Word as soon as we heard and believed it! And in this way we're planting churches through simple members, and using those fresh born again believers. And finally, since I followed all these Bible seminars and conferences, I have grown in the Lord. I'm a graduate of a Theological seminary but since I am part of this ever growing fellowship of knowing Christ, it has made me a violent giant for the Lord! And the leadership team and all the sheep are following me as I do follow Christ and we're growing all together!

Pastor George told me about a new ministry in Scaesti town. This open door was met with lots of opposition mostly from outside but from inside too. Satan got mad at us as we came a long distance to bring the Gospel to this darken town in the Oltenia region. Just recently four people decided to give their lives to Jesus. They were water baptized, and sure enough Satan got mad and raises his disciples against us. Some times he uses witchcraft methods.

This town is about 100 miles away from us, and we're short of gas to be there as often as needed to build a strong foundation of God. This city is on a lonely but superstitious mountain that when redeemed will enlighten all the area around. We have a team of several leaders prepared under your watch brother John. We both invested in the growth of these leaders and they faithfully follow Jesus, consecrating their lives on the altar of sacrificial service for the Lord. Most of them are living on the edge, believing by faith for their needs. \$150 a month would greatly help us for the gas expenses as a couple of other towns are a long way from us.

Pastor Costel wrote to me an email message: My friend and my parent in the Lord, brother John, let's thank the Lord

together for this fruitful year of Bible schooling and ministry practiced in the unity as one in the Lord. The fruit we see today is surpassing our best expectation, and the Lord opens the door for a greater time yet to come. We are just at the threshold of a souls revival harvest. Here we have the prepared leaders who were much impacted by the disciple schools and Bible seminars of Romania. All this from the leaders fellowships that we have been laboring together with you! Here are some names of my work team trained for the ministry to go: Tavy Bruma, Vasile Bostiog, Lautaru Marian,

Lautaru Ion, Petrisor Staicu, Grigore Vasile, Dumitrica Nicusor, Fotache Marius, Stefan Nadrag, Gramada Costel, Loredana Gramada, Rebeca Luisa Bostiog, Anna-Maria Bruma, Dan Sandu. (Pray for this list of leaders and the many more to come.) We will continue reaching the East southern side of Romania. We have declare the coming year of 2020 to be the year of the church. So stand in prayer and believe for a mighty evangelism and church planting in our area. Praise the Lord, in these Bible seminars held by CCFR and Europe-America leaders fellowship, we really had grown and increased in the Lord. And next our leaders are prepared to take the next step of expansion, to make sure that everyone hears the Gospel of the Lord Jesus Christ.

On another subject, we're making ready for a church building in Urziceni. Our building became too small for our growing congregation. We already have the church land, and we'll step in faith to lay down a church foundation on the property. Please pray with us for the divine provision. May God's will be done on the earth as it is in heaven.

Pastor Romulus wrote me about the urgent needs of a young mom. She was left to raise all five precious kids by herself as her husband of ten years left her for another woman. He moved away to the far-east corner of Romania.

When they received the Lord, they were living in a shabby broken home, made of mud that was almost falling apart on top of these precious kids. The new church was able to buy a better property with a strong made house laid on a sure foundation. However, the house needed a lots of work, like a new roof, new doors and windows and a new floor. Some walls were patched and plastering and painted. All the workmanship is being done by the little congregation for free. They

are in need of extra funds for they are a new planted church. These people will be encouraged and blessed as they witness the world brotherhood standing together as one person in Christ. About \$1500 will help this young mom relocating and securing her kids in their new home.

Update from the children's camp ministry this year. More camp leaders are reporting back to me about the kids harvesting time: A few new towns and villages have opened for youth and children meetings inside their towns. Our leaders went out, joined by singing

teams, and they held special schedules after the camp meetings. Not only were the camp kids in attendance but lots of other first time kids were present to hear the Gospel of the Lord Jesus Christ. We started with Bible games, playing, singing, and meals and snacks.

Sure, out from these meetings new church plants could spring up again started with kids and young people. Let's pray for the younger generation harvesting all over Romania!

Thanks for standing strongly with and behind us!
