MEETING EVERYDAY NEEDS

The number four is the number for God's visible and invisible creation that stands next to the triune God.

In the whole creation, the Word of God spoke everything and everyone into existence. Jesus Christ is the Word of God in whom we celebrated on this Easter as the one who came down to our dirt, was born in Bethlehem, came right where we were, in our dirty swamp to reach the miserable fallen creatures. We're dead in our spirits and the connection with our God and Father was completely broken. Now, man is the highest masterpiece of the creation as His Spirit was breathed into us. Because of this highest value on us, the Father sent His Son to save His earthly birthed children from the eternal death. Now, through His death and resurrection Jesus paid the full

Romania

price for our redemption, and today you and I are fully redeemed and saved as now we live as the Father's sons and daughters PTL!

If that is true then practically we should live our lives like Jesus did, blessing and helping people around us, sharing the Gospel and rescuing as many as possible from the deadness of sin. We should have a heart for our neighbor and like

these people I'm always presenting to you here at Christ Commission for Romania.

One Needy Soul is our sister Dana from the little town of Salcea. She was the first fruit of the town to receive the Lord Jesus as her personal Savior. She was on the edge of despair and brokenness, and these like her are the prime souls who are poor in the spirit and hungry and thirsty seeking after God. Here in Salcea we have a new embassy church planted in the midst of darkness and the unknown and this was the vision of our dear pastor Romulus who truly has a father's heart. Sister Dana has two daughters and a

**Home Helping**

boy. The little guy had a brain

tumor had surgery, and is recovering, however, they need to make monthly check ups, and they need to travel all the way to Bucharest for these routine trips and pay off the medical expenses. We'll need to get a little more involved and help them through this painful expensive situation, there is no better time to rescue them and provide a life boat for this needy family. The new church in Salcea started with children and teenagers who were coming to hear Jesus story, the Gospel stories, singing songs and praying together.

Pray that besides these kids and sister Dana many of the town people will come to Jesus the only hope of their empty lives.

We need also to pray for the father, the husband of Dana who still didn't give his life to Jesus. He needs deliverance from a life of hurts, may God soften his hardened heart and help him know that God is a loving father who suffers for his children as well.

And let's believe and pray that the family will be provided with the \$700 they need for traveling and medical expenses.

Pray for the spiritual breakthrough of Salcea town, the parents to join with their

kids to worship the Lord, the youth, the widow and the old folks to flood in and be saved.

MANY LIKE NEEDS

There are also some old couples and single widows who are living in dire poverty. They have no running water or electricity in their homes. It is hard to believe that still today you find families living like in the middle ages. Their home walls and floors are made from clay. We are supposed to stretch a hand of love and help while praying, for the Lord of harvest to send laborers for the harvest also to provide funds to fix part of the urgent needs.

With around \$1000 we'll be able to fix this or other broken homes. But what I'm trying to say here, just with a little money we can accomplish so much to do good and reaching the people within their real need.

The Poverty of Romania

According to infographic Friedrich-Ebert-Stiftung, in Romania, more than half of the retired old people are living under the poverty level.

we should live our lives like Jesus did, blessing and helping people

Amazingly, 52% of the children under 6 are living in poverty. This means, the little kids have just the few clothes on their backs and some have no shoes. This group is considered the less privileged group when really it should be otherwise. These little kids are also dependent on the parents or the older ones to set for them what to eat on the table, and at times the next meal is just lacking.

The teenagers and the youth are also a disadvantaged group. If they drop out of school, due to their lack, later they find no job to survive on their own. The poll also said that more than a third of the whole population is on the high risk of social exclusion and may be living on dire poverty. This is bad depressing news, but sadly that is a fact!

However, the Gospel is preached to the poor and they are getting saved, and then the whole world around them changes, the blessings of God is following His people.

Praise the Lord! A great difference is already being made over God's creation in Romania. It provided thousands of new warm shoes and clothing over the years. We're feeding the needy little, and the poor families. And the Lord endowed us with a sensitivity to love the older powerless people. Many of these people just didn't get a steady retirement pension, may get only the little social government support. This provides them to eat bread for the whole week and not much else. This is really just an emergency survival until the real help is on the way. However, God is good and provided many miracles wherever this ministry reached out, a general visible difference is being made in all of these regions and locations where a church was planted.

Pastor Milo Novacovici with his leaders team feeds groups of the most needy kids in different towns. These kids on a regularly basis are providing a few meals a week, and you can see the difference right on the faces. Today they are happier and better general shape from when first we picked them up. In this recovery process after a year or so, some kids got healed of past problems.

With Pastor Milo, is Pastor Laurentiu, Pastor Codrut, and Pastor Florin. And most of other regional pastors groups are doing the same thing; there is Pastor Costel Gramada feeds the poor older families and the little kids, and Pastor Romulus Paraluta group, Pastor Gigel Ignat group, and Pastor Lazar Dumitru does the same thing, just to name a few.

And we're doing our best to help with whatever gifts comes from you here in our Van, TX office. Nothing is kept here for the general fund, if a donation is specially given it goes one hundred percent to that need or project. We are not taken any percentage from these special projecting funds, unless it is specially given to be used for the ministry expenses.

But it's also good for you to know that not every dollar comes from America, but lots of this support is coming right from inside, their own little and poor local churches, from families and people who are willing to share their little food with the more unfortunate ones. It is like the widow, throwing her last two coins into the treasury, and Jesus was really happy. He said, she gave the most because it was all she had to live. Jesus can bless the gift more times than the actual gift.

Spring Outreaches and Leadership Seminars

This spring will be very busy with teaching at different regional and local seminars. These should be called discipleship Bible schools, making disciples and raising leaders into the ministry. How in the world can we have all these outreaches unless we train more leaders? Most of the pastors I named above are young in the Lord but they are already moving mountains of doubt to unlock the closed doors and to unblock the way on conquering piece by piece the land for the Lord. I'm happy they had being grown up with us to be the men of God as they are today, sure, we fully rely and trust them to finish the job.

These mobile Bible schools outreaches are coming with a high price of both ministry traveling, staying busy, living in unlikely homes and beds but after all it comes with a high financial cost too. So, we're needing all of the funds possible, please invest in these new leaders to reach out to the many other towns, and villages to people who never heard the Gospel of salvation to rescue and save many of them.

We're on the emergency call, so please be aligned with us on the field, and this way I know that we'll get the needing money our Lord wants us to have for this Spring time in Romania.

Please I do remind a couple of you who pledged or said you had already some funds gathered up for Romania, please try to help with it right on this spot, to finish well this Spring soul's harvesting season.

Love and our prayers for you,

John & Viorica Dolinschi
