

**Christ Commission For Romania is a network of ministries to change lives and save souls.**

*Redeeming the time because the days are evil. Eph. 5 : 16.*

This is a faith step,

Let's pray that we redeem our time, and use it wisely, let's see with our spiritual eyes the what, how and where to use it. Our priority is a personal time with Christ, *we all should know this.* Money, things, thoughts, deeds, and all kind of activities are included in this time redeeming.

We all have so many needs and wants that take our time, or it may be anxiety and fear of the next step of what the time may hold for us. But here is a simple practical step to escape the evil: ***We're to redeem the present time, and the next step belongs to the Lord.*** If we're faithful in the little thing, He will do for us more than we believe, expect or ask.

**I**n Romania the saving of souls are in great demand, everyday we hear the present Macedonian cry; Come and help us, we're dying, we're sick, we're oppressed.

In all of these we need to redeem the time, this is the most important thing in the world!

Thanks for being an active part of these souls deliverance, salvation and healing, rescuing the orphan, the starving kids, and for giving hope for a good life to the young boys and girls who otherwise are discarded into society trash.

### **Summer Camps Reached the Heaven**

Praise the Lord for the summer camps that were even better than we expected.

We were short of funds but our God wasn't stopped from blessing us as He met and filled up the holes. Spiritually speaking we went on higher ground than we'd ever experienced.

Kids and the youth were saved and healed, the glory of the Lord filled up the tents, as the whole camp grounds were filled with His glory and grace.

Thanks for supporting it with your prayers and a few of you financially.

**Thanks for Life Outreach International** for their help with the camps, if their assistance hadn't come in time, then we would have been in trouble. We needed a big financial miracle to cover it, or we would have had to sell our few possessions to meet the needs. However, part of the support comes from inside Romania but with all the parts put together this summer miracle continues to happen.

We need to pray that other churches and organizations commit support for the summer camps.

## Cristian Valentin Badescu, Testimony

Cristi, is a very special eight year old kid, a sweet soul, we met the first time at our summer camp.

He doesn't know his mother and never met her, he was deserted at birth, so his grandma took him in. He was raised and lived with her. From a very early age he knew the hardships and shortages as his grandma lives with so little. She lives under the poverty level. She doesn't own a home but moves from home to home, wherever she finds a shelter to be taken.

At this time she is with an old man just to have a roof over their heads, however, he is violent and abusive, a couple of times the grandma and the nephew were thrown outside the home, and then he repeats himself, to ask them back with him. Moving this way from place to place and home to home, the education of this boy is short circuited. Too often he needs to change schools.

But there is always a miracle, this boy is very intelligent and naturally able to think deeply, and acts on his choices like an older man does.

His job in the present home is to feed the cattle and the sheep, and tend to them.

With this way of life his time to play to enjoy a childhood is being taken away. He also misses a time for schooling

and homework is cut short. However, this poor boy is seeking something better for his life, and he struggled to participate at this year camps, and by a miracle he succeeded in coming. While here he accepted the Lord Jesus in his heart, he wept through and then laughed with a descriptive joy of the Lord but hardly able to speak it out.

He shared, that in Jesus he found a sure father, mother and friend who always will be close to help him, and when grown he desires to be a preacher and counselor for the others who were in the same need like him.

For Cristi this camp was an oasis in the wilderness for a thirsty and hungry man, he now sees that his future is full of life and meaning.

When he first arrived we tried to clown-paint his face like we did with the other kids of his age, but he did

not allow us. He said, I'm a grown up, mature enough not to do this nasty thing, we felt his mind was aged prematurely, a boy who behaves like an old man. This thinking was because he was forced into hard labor since a little child.

Amazingly after he got saved, this serious little guy, got a big smile on his face, laughs and started to learn little funny things and playing around, like a child. Amazingly, he then accepted, the little crazy things and games the little children are doing.

Today Cristi is a happy boy, though he went back home to his usual hard life, this didn't change, but now happy, completely saved and rescued. His face and countenance is new, emanating unspeakable joy. When we took him back home, his grandma asked **what happened to him (like something is wrong) as he looked greatly different**, but he simply said Jesus lives in my heart, He is with me right here, I'm just happy.

*I would like here to have a challenge from an atheist who proclaims there is not a Creator God, for here is the proof in this little boy. It's hard to dismiss and deny that He is the Creator, He is a personal life changer.*

## Andreea Testimony

My name is Andreea Fluerasu, I'm 14 years old, and I do love the Lord Jesus with all of my heart, He's my first lover for ever.

I'm trying very hard to make this camp every year. I'm craving for this time here, for me it's the sweetest part of my life. I am from a non Christians family. There is no spiritual life at my home, in fact my parents were a negative example in my life. My father is an alcoholic, my mother careless, and we are living in deep poverty. I didn't know the feeling of a cuddle of love from a mother or father.

I praise the Lord for this children camp which accepted me several years ago, and I attended it since then, just in a time when I felt really lonely and disparate, I remember that just before coming for the first time to this camp was the darkest part of my life. Here I found the love and the home I was looking for. Immediately, I thought if real life is like this, then it's worth living.

**I found love and the home I was looking for**

Within a couple of years after the first camp I fully accepted the Lord in my heart. I remember well that moment, I felt like I was broken in pieces, but then somehow I was re-arranged back together and right away I felt I'm a new being. A sweetness in my soul I never felt before was in me, and I felt lighter, flying like a free bird. By the second year, I was filled with the Holy Spirit and spoke in new languages, here again, this year I received the water baptism, now I'm walking like a little child of Christ, knowing the Lord, and have a personal relationship with Jesus, and this is making the whole difference in my life. I feel Him always and anywhere I go, so I'm not afraid of anything and anybody. He is stronger than anyone in the world. He is the true father my heart was crying for, when I saw other girls besides their protector, loving father, my heart broke with sorrow.

I'm a member of a new planted church, and now I feel I do have also a local home family, with brothers and sisters all around.

Love you all, Andreea,

Romania pastoral conferences, but lately they couldn't come for the last couple of years. We need you. And for you other Pastors and Bible teachers, we need you as well. What God has given you is not for you, but for the body of Christ. Come help us in Romania.

Your generous donation sent to Romania will bless many other needy and new leaders. While they are with us, we bless them with a couple of meals so they will not faint on their bicycles while going back home.

## PROJECTS

### The Cemetery Project for the church of Cordun, Oltenia

This is a stronghold church of the Lord in the Oltenia Darkes region, it was among the first planted. It is good to have a good crop of babies born in Christ, but some of them are reaching the age to move out to be home with the Lord, for which ones we praise the Lord Jesus who died for them so they should live with Him in eternity.

This church needs a cemetery to bury their loved ones. The Orthodox church stands against the Evangelical church not allowing them to bury anymore in the cemetery. In fact for now they have a good excuse as the Orthodox cemetery

## Family Summer Camps

**L**ate August we will hold a full family camp, where these kids will be together with their parents. It will be good to have the parents of Andreea and Cristi with us, and many more. Just as the Lord has changed the lives of these kids we are speaking in faith for the lives of parents and children to be encounter by our living God. And let's pray and expect a miracle!

**Would you send a generous offering just for this, I pray the Lord will raise a couple of you to do it.**

## Leadership Training Seminars

**L**eadership training seminars will be taken place all of September and into the first part of October. We urgently need to give basic training to the new crop of leaders. As we plant new churches we must have trained leaders. We must have trained Ministers and Pastors. If we don't get these leaders, our harvest of new believers will be a lost harvest, like new babies being aborted or thrown out the window.

We truly need all of you who receives this letter involved, both in prayer and in financial support. Some of you have started with just a little, and it is a good start. Please give so that we may run together for the lost souls of Romania.

These seminars I will be teaching along with a couple of other teacher pastors from Romania who are working closely with us.

I appeal to our Pastors and teachers from the USA who in the past have taught in the

will become short of free space to bury their own dead. .

\$15,000 we'll need to buy a the proposed land that became available in the town of Cordun that will be used also for the surrounding villages of believers around Cordun.

Let's pray this fund will be provided, this will help the establishment of the Cordun church.

New land for cemetery

### Life Center Project

New windows are needed for the Life Center building in Timisoara. The original existing wood ones are expired and rotting. The expense of heating the building is high in the winter. We need new, better insulated windows.

We spend lots of money over the winter to keep the rooms warm. This is just a prayer request, that the mighty Hand God may bring the provision!

### A Final Word

Praise the Lord as He had sustained us, protected and provided for us on our traveling both here and in Romania, the angels of the Lord are surrounding us.

Continue to sustain us in your prayers for safety, provision and divine health care.

Thanks for your support and prayers, what you do for us, makes a whole lot difference in our lives and of CCFR ministers and ministry and the hundreds of souls we reach.

Love you all,

***John & Viorica Dolinschi***
