SUMMER NEWS

Greetings from Romania

It is good to look back at all that has been done and be satisfied! This is like faith, believing in something that is being done but not tangible completely finished. I say this because our final reward is not based here on temporal accomplishments, but is in the eternity. Now, after we being obedient to the Word, the voice of the Spirit to do His will, let's receive His joy, love and peace and presently enjoy ourselves in the fullness of His Life from here to eternity.

The children and teenagers were saved, healed and delivered, and some were Spirit filled.

This summer goes by quicker than we expect but leaves us behind with a thankfulness as the work has been done well. Lately, I had been much on the traveling ministry. My heart was to write to each of you a thankfulness prayer's post cards, but I have been caught up with the season of the harvesting

here. I'm taking a break of a couple of days for rest and to pray for you. I am writing this letter and thank you cards to our most recent benevolent donors.

The Summer Camps are still running, some regional camps ended and others just started. God is moving among the newer and younger generations. This is the age of *facebook*, and distant social networks. The youths are mostly fed up with lots of junk and dirty stuff thrown at them. These are perilous times for all of us, but we're set up to win them one by one to Christ and offer them instead the real life in Christ.

I just returned from Suceava northern camp, where day by day the presence of God was thick and deep. The children and teenagers were saved, healed and delivered, and some were Spirit filled.

The next month newsletter will bring to you more life giving testimonies.

Like the little girl, Felicia, whom I asked to share about the family she comes from.

Bowing her head down she humbly said, I come from a very little home but large family, we're seven children and our home is made of just two little rooms. We don't have a big pile of food but day by day we just get enough to eat two meals a day. Jesus takes care of us. My mother is not in good shape, she always complains of some kind of pain in her body, but we girls help her with the daily chores. I need to go back and assist her with the cooking and cleaning. However, here I do feel so blessed to hear daily about Jesus, and many miracles happen while playing and enjoy the new friends who care for nothing else but me.

Evangelism, Church Planting and Leadership Training

After the summer camps this is a best season for evangelism and church planting outreaches. These are taking place everywhere in Romania, but mostly in the deep south that is still the most spiritually barren region of Romania. Because of material poverty there are no church buildings built or spacious public buildings to rent for gatherings, and during the warm climate the

open air meetings are our best season to start a new church plant. We are being blessed to see very sinful and bad people giving their lives to Christ, the poor weeping moms bringing their children to be taken in Jesus hands. We see many broken hearted, sick and captives, being freed and saved for the everlasting life. What a great joy to see Jesus doing the same things today as He did while he lived here on the earth. As always He did and does as well today!

Baptism Service

Leadership Training Programs and Bible

Seminars are going hand in hand with the church planting, we can't start a church if we don't have any church leader to care about the new sheepfold. A shepherd is needed to feed, raise, care and lead these few little sheep to Jesus bosom.

Here we invest our best time to teach and raise these new core leaders, shaping them, enabling them to lead and care for the sheep entrusted to them, which is their very calling of God.

I heard these precious teachable brothers speaking and confessing among themselves that these days are the best thing that ever happened to them. A joyful spirit is the most precious and priceless thing that can't be measured or compared with any treasures, wealth or any other happy days of their lives.

Please continue to support this as it will go all through September and October. We truly need your hands stretched toward us in Romania, both in prayer and financial support.

Here is the Bethel Church testimony, planted just a few years ago, now the little poor church is building for them and their children a holy sanctuary home.

Bethel Church

The parents are saying, ***our kids are needing a house of God, a place where they may come into the hands of Jesus, and feel like they found the sweet home, a place where their search will end and be fulfilled and satisfied.***

The village of Tintaru, Oltenia in Mehedinti county, has about 1000 dwellers, and the church today

numbers about 135 believers. About 70 percent of them are children and teenagers, a youthful harvest is in the process of reaping and gathering into God's Life store.

The Life Center is a Pearl of Life

If a girl or boy stays in school they can help elevate their family out from their generative poverty!

That is the meat today of the Life Center ministry in Timisoara to bring a few of these kids and elevate them to a higher level of life and then they will go back home and help their own families. They open their minds and eyes to see better life opportunities and to guide them to new economical avenues.

At this time of the year we're receiving new applicants. We're staying very busy analyzing each one's need, weighing their poverty level, and then deciding between the many new applications.

Many of these are coming from the very poor regions of Romania, officially recognized as the most economically disfavored parts of Romania. Here people are still living on a small income like in a third world country. We're weighing the total family income, and if the applicant is diligent, good standing and willing to succeed in life.

While we're drawing up final decisions, we trust God for wisdom, understanding and divine guidance for each new accepted student. We then know how to counsel and encourage the ones we could not take in.

I do ask you to join us in prayer that the Life Center support may continue and increase, praying and thanking God for the main sponsor Life Outreach International, and all of the ministry staff, volunteers and students here. Specially, praying for each applicant and for each new student accepted in the program, to be blessed and their families as well.

In Timisoara we still continue the Street Outreach Program for the homeless.

Usually, we have about 80 street persons, children, young and old participating on each street outreach. these people are without a home or family to take them in, jobless and living from day to day. Bible School and Life Outreach students love to be involved in preparing and serving the meal, in singing to them and deliver Bible saving messages.

Thanks for being in the family, a blessing to us and the people of Romania,

John & Viorica Dolinschi
