

**PASTOR JOHN  
DOLINSCHI**  
BIBLE CONFERENCE

**DANIEL ADEA**  
HIS STORY

**MITICA AND LILIANA**  
FROM CALAFAT  
NEW HOME BUILD

Most of us have expectations for December to relax and rest, a time to meditate on God’s goodness poured over us but unfortunately it ends up to be the most rushed month of the year. This later is not a very good way for us to live.

However, here I want to remind myself of God’s love and grace, who manifested Himself in many ways but specially through you who had sacrificed a lot for us in Romania. You are reminding us by your prayers and touchable support, truly, this manifests God’s love on the earth!

First, I want to thank Jesus for your heart of love packed all the way to us in Romania!

Then, let’s together be thankful to the Lord Jesus for the divine provision and strength nurtured to us as my heart links directly to yours: “Thanking you for the love and

**Constanta Bible  
Leadership  
Conferences**

all faithfulness demonstrated through the many high marked deeds and by the powerful Word of God that changed lives in Romania”!!!

**Training National  
Church leaders**

**In the early November our leaders fellowship held our last year national conference,** it was located by

the Black Sea close on the port city of Constanta. Here again, it was like a commencement end of year graduation. Both in time and space it seemed like our wonderful leaders have graduated from a full year of intensive teaching and practical training.

As I mentioned in the November letter, this Bible seminar was taught by **Pastor Ed Huie & Terry Scott**, teaching on spiritual leadership as authorized and guided by the Holy Spirit. The Spirit is leading, siding and backing us up, but our part is for us to work with Him. Certainly, this settled in the hearts

of our pastors to go and excel, expanding their calling and ministries to unlimited levels as our Lord is powerful and unlimited in time and space and resources.

These large Bible leadership conferences are backed up first by the hard ground work, of converting a leader into salvation. This is followed by individual prayer and counseling, paying visits to strengthen the whole family relationships and personal discipleship. We get them involved in practical ministry encounters and also small local topical classes, regional leadership seminars and only then we upgrade them to attend the national pastoral conferences.

**Let's hear just one leader's testimony** as told by brother Stephen. "I praise God that at last I could attend these recent national conferences, here my spiritual batteries were charged to the brim. My holy oil is overflowing my little vase over. Today I feel I'm ready for everything the Lord is telling me to do for His Name and glory, I will not be intimidated or afraid anymore. I was born with a shy personality and was scared about anything new that is not rational or logical for me. These last few years I got a rather good understanding of the Bible, but I struggle and only by the Lord's grace I continued. However, over this year I feel like new rebirth has happened and really I became a stronger personality in the Lord.

I tell you Pastor John, as you know I had been burdened for years with problems in my marriage and family but more than that this weakness reflected in the churches and people I serve. But now we have a new love in the family, with my dear wife and kids, and a new strength to stand in the church. Today, I'm sure I was delivered and freed. I'm high with the Holy Spirit in me, much more power and authority came over me and my wife too, and this is reflecting in everything we do for the glory of our Lord Jesus!"

This kind of story could be with each one enrolled in the Fellowship's Bible seminars and leadership conferences. Many more people of older and younger generation will be reached, saved, rescued, helped, assisted, changed and forever renewed.

**Let's continue to invest our timing, prayer and money** to honor this God's embassy, the Lord's representatives a unique authority entity that will change the face of the whole earth, truly we need church leaders who are becoming worthy of our Great King's calling.

**The pearl of Christmas shoes has taken off shoeing the little cold feet** to equip the little army of God that is being raised up on the earth.

Our wonderful regional leader **Romulus Paraluta** who is watching day and night to pastor the sheep of over a dozen churches, is the first to bring the good news to the little children from the poor homes. These precious kids receive the good news and a pair of gorgeous shoes on their beautiful cold feet. This years shoes prices are up, and for many families it became a large burden to provide shoes for their homes.

**Pastor Romulus tells this story as it was given to him:**

Stefania and Francesca Dascalu are two sisters from Salcia village, county of Dolj where we just planted a new church. They are living in the poor village district that is on the edge of this little town. They have a little handicap brother who stays in the home with their grand-grandpa who is over 80, and not in a good shape, fully supported by their parents. Their father permanently looks for jobs away in the larger cities. The girls along with their mother got saved and started to attend the new planted church in the town center. They walk about two miles to get to the church. However, this year the colder weather set in early.

## **Shoe Ministry**

**Stefania and Francesca Dascalu**

I observed that Stefania and Francesca didn't change to the warmer better shoes but are wearing the same light sandals they use for the warmer season. As well, it looked to me that these are the only shoes they may have in the home. We didn't question them but right away we looked for the right purchase and best shoes for them, then one day

we just visited the family and gave the shoes gift to the girls. Happily they received them and it was exactly the size they needed. They had big smiles, staring at the shoes and

into our eyes, were very joyful but with a little shy and shame to receive them. They spoke up, **“Excuse us, but we may not be the worthy ones to receive this precious gift maybe other poor**

**kids could use them”**. Then mother came in and with tears hugged us and thanking a thousand times, telling us that they were lacking the money to buy new shoes for the girls as they were over due to pay other debts and utility expenses. But every day I carried this painful burden in my heart, how we'll make it over the winter season when they will not have the right warm shoes on their feet.

I knew we'll have to work something out and create that shoes fund, myself I was looking around for a temporary job just to make the extra we so badly need. Then she asked me and my wife, how could they pay us back?" Oh, dear sister I said, you

may pay it out to our Lord Jesus who provided this just for you! And pray thanks to our brothers in America that did this help through our parenting Pastor John Dolinschi.

My own thanks I give to Life Outreach International and the few other brothers and sisters who sent over this pearl project of the year that brings so much joy to our lovely kids and abundant thanksgiving to these wonderful parents, warming up their homes a little more!

**Here is the precious heart of 8 year old Daniel Adea.** Daniel has no parents around him to love and care for both his emotional and physical needs but just his old grandpa who is very poor and limited health.

Daniel couldn't go to school over the colder days but stay home. He humbly said this last week I couldn't feel my freezing feet. These were very colder days, and my toes were very painful. Grandpa continued, I told Daniel, that he will have to stay home over the colder winter season, better to miss schooling than to amputate little Daniel's toes. We don't

have any more money to buy him the expensive shoes he needs for the winter.

It was a real life boat for Daniel as he loves school where he just started first grade, and was very happy that he could walk the one mile to school without any freezing feet concern. For the first time he owns a gorgeous brand new pair of shoes, and said, only in his dreams could I have such shoes.

Here, we saw the great need on the spot, we went back to our home that is a neighboring town and picked up from our kids some warmer trousers, heavy shirts and warm jacket and brought back to Daniel so his little body will no longer be forced to suffer from the cruel colder season.

Daniel was jubilant and didn't know how to thank us, and tears streaming in the grandpa's eyes and both said they would come to attend the new little church that just started meeting in their village. Here we get two generations of people, the older hopefully soon will be welcomed by His Savior and peacefully meeting his loving Creator, and the little one will continue to be blessed and be a blessing to many others on the earth.

Pastor Romulus and Niculina said, for us this season is a great joyful time full of smiles and tears as we visit these homes, the little precious people and loving kids! Thanks John and Viorica for helping us have this great opportunity! But again, I forward it and say, thanks James and Betty Robinson of Life

Outreach Int. for saving and rescuing these poor but precious people of Romania!

Someone may be raised to help Pastor Romulus Paraluta as He just found out that he lacks the money to purchase a new battery for his car, their insurance of the car is due by early January.

\$250 will cover this pioneer's emergent need. As he makes other people

happy, let's make his day too!

**Building the Home for Mitica and Liliana from Calafat and for their 9 kids** ages 3 to 14 year old. They all live in a single room, bedroom, cooking, washing and everything takes place in just this one room. And with their little income it is impossible

for them to build and expand or enlarge their home. They barely are meeting their living expenses.

In the past Mitica was a heavy drinker, an addict, and the right time to build a home slipped away.

However, about a year ago Pastor Gigel Ignat and his team planted a Gospel Church in the town of Calafat, and Mitica came as the first fruit of the harvest,

miraculously saved and fully delivered from the alcohol addiction, and today is a loving caring husband and father.

The church from Piscu Vechi helped and gave above their own strength, and volunteered their time freely to build their home. Now with two thousands dollars the job will be finished, well done so the big precious family can proudly move home.

Viorica and I, and the whole CCFR family including Bob & Millynne Brown wishing you a thankful Merry Christmas celebrating Jesus birth and not only but His glorious Kingship and our citizenship with Him, and His soon coming Kingdom over us!

Wishing you a most Blessed New Year of fulness and prosperity of life and in all things! May the 2018 year be the crown of life blessings shed over you and all of yours!

Thanks for being the real family of Romania with us!
