

Summer in Romania

In the Lord's grace we are here still standing, healthy and strong to go on marching for God's Kingdom to be settled more and more until we see our people, loved ones following the Lord Jesus. Please let us know how to pray for you, send your prayer requests and needs as you presented them before our Lord! Myself and our prayer team in Romania will stand with you.

Help.....Help Romania with making New Leaders in the Ministry

This truly has become a legacy project, for at least the last decade. I have been pressing this work on and on and on and I will not stop until my heart is fully satisfied. This zeal eats at my very heart.

What is the passion of my heart? It is to reach the souls who are dying and will spend all of eternity in darkness. Today is the time to rescue as many of them as possible, threshing them into the eternal Kingdom of Christ! I found out that myself and a few others will not finish the job well but we need the whole church discipling together as one single man. This way we will fulfill the heart of our Father who sent His Son Jesus to save all of us.

What lacks most in these times is support for the **making disciples leadership programs**. Training takes time and money. We are on track and so far have seen great progress in the making of true disciples of Jesus. I want you to roll up your sleeves and put your heart into it as well. This one thing alone will emerge into church plants as never seen before. Each town and village, and each soul will get the light of heaven shine upon them, and the darkness will disperse. Healing and wholeness will take over the towns and communities one by one until all these regions will have a believer's church to grow their faith. So far we have seen miracles of life change, society and blessed economy changes wherever a living church was established.

We decided, and are set on building the **living stones church**, and not as many church buildings as we did before. A church that starts from two or three gathered in Jesus Name, either it will be in a home, a front or back yard, in a field or forest. This will be wholly a praying church to share around the Word of authority and power of the Holy Spirit and this will make the whole difference as the souls will be caught up in the Spirit of the light of the fullness of Christ.

The next step is true love in action, that of taking care of the brother's needs, visiting, hugging and loving the orphan kids, lifting up the precious little kids, the lacking families, bless the widow and the lonely soul, and those on the verge of emergency rescued out from the deepest black waters.

At this time every penny counts a lot, every dollar will be greatly used in the Kingdom, and a disciple will emerge ready as a spring of living water to bless a thirsty village, a whole town, a city, a village.

Our sole purpose is that each leader we train up become a true disciple of Jesus bring him or her to spiritual maturity and will be made ready for the church planting field. They will not only evangelize but then shepherd the soul in the sheepfold of Christ. This way they will be setting up the embassy of heaven into each town.

Let's figure it out, if 100 believers are disciplined, matured as sons of the Kingdom, let me dare to speak it out assisted by our humble and small past beginnings, from these we'll have at least 70 new churches planted. This is not a church on every corner of the street, but here we build in a lost town where no evangelical church existed before, and the expectation is, from one church the whole town will be taken by Christ.

However, at this time we have to finish a building project for Orsova city church. Here and there the progress of the church and needs were presented in our monthly newsletter, this church started about 10 years ago and the building not yet fully finished. Though from now on we'll be focusing on planting home churches, however it will be good from time to time these small member churches around the area should gather all together in a spacious building to celebrate the victories as one body united in Christ.

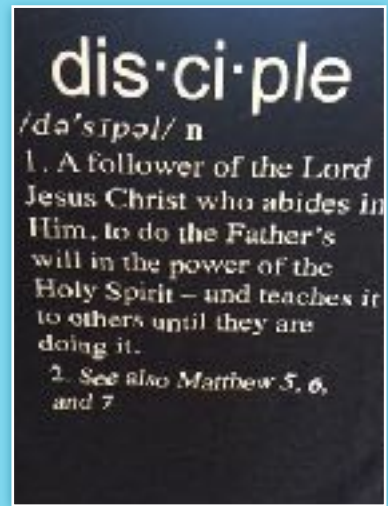

About another \$15,000 will get the project to the finishing line. All the while Orsova mother church has planted a few other churches in the villages around the city. Their first priority was building the living stones church.

However, I do believe we need to finish what was started, but any next church building will be built only if God miraculously provides for it. God knows if it is really needed or not, anyway, the first blueprints of any church building will be drawn first in heaven and then come to us on the earth.

Let's Pray and Stand financially for the Summer Camps, starting this month and through the month of August. There are precious hungry kids waiting, orphans who will be saved out from the devil's prison, many will be for the first time in the camps. Let's together help to build them up from inside out, covered with the presence of God but also feed up their feeble little bodies, believing they will come into the fulness of life, mended, healed and blessed. Send your prayer to heaven, and send your love offering to *Christ Commission for Romania!*

Thanks God we have now the transportation provided for the joyriding of the kids to and from the camp, as well for the needs of the camps as food and clothing! The Lord answered our prayers to speed up the move of the Gospel from place to place, home to home and region to region. Speed is much needed in today's Kingdom of God as time is short for us and there is much yet to do and to finish in our time here.

Yours in Christ,
John and Viorica Dolinschi
