

THE CHURCH IN MOTRU, ROMANIA STAND ON THEIR FAITH (CHURCH FOUNDATION)

CHRIST COMMISSION FOR ROMANIA

NEWSLETTER • JUNE 2011

Bless you in Jesus Name my dear ministry family. Thanks for yoking yourselves together with me in toiling the white fields of Romania.

The real benefits will be revealed to us beyond this temporary, in the eternity where we'll see the full reward bestowed on us. According to His eternal Kingdom principles you'll receive some returns here as well.

I say this because of the many letters I write and the thousands of words I share that can never express the full value of the mission we together do for Christ: To rescue souls from death to Life.

My deepest heart thanks, for your prayers and support!

Praise Report:

Thanks to our Lord for **Pastor Dave Hickman** from The Tri Lakes Community Church, Indiana, who was with us in Romania for the month of May. Our pastors and leaders are craving for him as a man with a father's heart, who teaches and counsels, corrects and comforts at the same time. He always makes a great difference while with us in Romania. People love to share a personal touch with him concerning the oracles of God. This time he taught about living in the Kingdom.

He also ministered to the Romanian community and leaders in Spain.

I ask other pastors and teachers to come and train leaders and pastors in Romania. These leaders are the back bone of the church planting and to reach to the very needs of the trodden

people. Come minister to the workers who rescue and shelter the orphan kids and teenagers who are becoming the prey to human traffickers, who trades them into hard labor and sex slavery. As we found out we need more pastors, leaders, men and women of God on the streets not more policemen, this is the real answer to all of the social problems and poverty.

PASTORS CONFERENCE WITH PASTOR DAVE HICKMAN

PRAISE AND WORSHIP

Praise Building Report

I want to say thank you to **Dale and Velda Clark**, the saints from Washington state, for responding generously to the May newsletter, for the Motru church roof project. May the Lord bless them in His generous returns.

Here I want to name as well, **James and Lynette Alexander** from North Carolina, who participate with a generous offering to these two church buildings.

Thanks to brother **Mathew Goracke** from the state of Kansas who early in the year generously gave to the Motru church building project, what a great man of God, who never met us, but gave as God spoke to him.

It takes a vision and a man of faith to lay the foundation. **Pastor Morris Sheats** from Dallas, TX, is this man, when no others were helping he planted the faith seed. This Spring by faith we laid the strong foundation of the Motru (Rock) church.

And here, the team in Romania and I, say from our heart, thanks, in deepest gratitude. And what I say to you sponsors, I tell to all, let's go and build God's house!

CHURCHES TO BUILD AND FINISH

Let's remind ourselves about the two new planted churches of Garbovat and Motru, if you forgot about, and you save your past news letters, please read the previous ones, where I stressed more about these two buildings that we have a firm dead line to finish them. And this is before the cold weather sets in, by the end of October we're praying to get the people under a warm shelter roof. And that means, we need these finished by the end of this year.

These two buildings will be used not only for Sunday church services, but also for reaching the world and discipling, Bible training and feeding stations, as well as a children and outreach centers.

They will have the same ministries of the Life Center in Timisoara, and the Rescue and Shelter Center that mostly operates in Motru but with no building facilities to use. It will be a great blessing for the community to have a Life and Rescue Center.

PASTOR MILO PRAYING WITH KIDS AT THE NEW WATER WELL

OLTENIA OUTREACH

SUMMER CAMPS ARE HERE

We're just entering the summer schedule, and hundreds of kids and youth in Romania will be attending the summer camps.

The summer camps will start in the last week of June and go all the way through the month of July, ending by early August. If our whole ministry covered only the 6 weeks of camps, just take into account the salvation and the mending of these little poor but precious souls, who're going to meet Jesus face to face, and then joyfully enter the gates of heaven, it would be worth all the effort.

There are no better rejoicing and bigger rewards that we'll find on the face of this earth, that stirs up even the heaven to celebrate. There is no other comparing value against only one soul being saved. Besides that, many of these kids will be mended and healed from the bruises of their past abuses. The loneliness and indifference they suffered at the hands of others or just simply nobody being there to care for them, and never knew the meaning of a true loving hand, God's healing hand will touch.

Lets' feed them well, for some this may be their first time to eat generously as their wants or need are. Remember, when they leave the camps there is a huge difference from the time they entered. This is not only seen in their shining eyes and smiling faces but in the color of their skin, in their puffed red cheeks. Most of them they will leave with a few extra pounds built on them, but it was exactly what they need. Malnourishment among children is rampant in Romania.

LIFE CENTER is making a great difference among the youth of Romania, this is a Life training center, that make life better and sweeter for all of the occupants. You may think of it as a multiple faced training programs, from salvation of souls to all kinds of training programs that elevates people to higher levels of life quality. Our goal is not only to train them but be trainers and reach to others.

Here let me have a word of gratitude and appreciation for the ministry of **Life Outreach International, James and Betty Robinson**, who are the builders and still supporters of this Life Center of Timisoara, as well the initial partners of the Rescue and Prevention Center of Oltenia.

Let's in conclusion hear a poor's girl's life story. She passed through much life training from the world to the church, to the youth camp, and as today to the Life Center. Without these stages she wouldn't have made it to where she is today:

Testimony of Loredana Balaci as she wrote it down:

LOREDANA

I come out of the poor reigon of Oltenia. My town is on the Danube River across from Bulgaria. One of my sisters and I lived with our grandparents as my parents had no jobs because of health issues. As a teenager, I attend a couple of summer camps that was sponsored by Christ For Oltenia Ministry which is led by Pastor Milo Novacovici.

Now let me make her story short.

From her early childhood, Loredana was a courageous child. She kept busy and work hard to make ends met. She wanted to succeed in life and became a very diligent student even getting herself into High School. This is rare for kids of her village. High School was located a few miles walk for her. Loredana advanced in High School with a medical side of studies. She graduated

and volunteered to a local family clinic. Because of her diligence, the doctor rewarded her now and then with bonus money.

She also ministered to a Gypsies village, to a people who are living under poverty level. She used this time to teach them about Jesus, and her own testimony of being raised in poverty and lacked the basic needs of life. She told them of Jesus her provider and the love she never had before.

Loredana was praying to go further with her college education, and prayed if this is the Lord's will, she would get the money to get her the next step, travel expenses and a first start to a university. Then a brother who was unknown to her, gave her money to be used for her education. She knew that this was a sign from God. But she was perplexed where to go, as the colleges were all far from her village, and still wondering, if once accepted, how she would get funds for rent, food, etc.

Back to Loredana own words

Then Pastor John Dolinschi visited our town and taught in our church, and I felt from the Lord to approached him, and told him my story, that I'm praying to find a college, but I don't know where and how will come about. He was a much needed guide help for me. He said right away, girl you should come to Timisoara where there are outstanding colleges and universities of this country. You'll have a home there and the family at the Life Center, where by God's grace you may be admitted. You will

have assistance, once in the program, we'll give a good start for the two years at least, then we'll evaluate again your situation.

I did, and here I have a real family where I'm loved and cared for, here I get a daily touch of love as from a loving father and mother. And I enjoy sisters and

brothers, we're praying and helping one another. This is the same love that I had experienced at the youth camps.

Now, I'm in Construction University studying Transportation Management. I want to build, transport and carry others for Jesus, I'm going to minister to kids, assist them medically, build ways of opportunity to train them, that is my dream.

We believe the Lord has great plans for her, and she will be a living testimony to others. We believe the same for many other kids. As they come from the churches we plant, or summer camps, or the Life Center.

Our hope is that many will be pastors, ministries leaders and help others on the way to heaven, while others will be doctors, medical assistants, nurses, engineers, business owners or leaders in management. As we teach all of them, regardless of the profession, they will lead others to Jesus Christ.

My dears bothers and sisters, as you see here, we're changing lives.

Thanks for your support,

John & Viorica Dolinschi
