WE CONTINUE TO REACH THE NEEDY

RESCUING PEOPLE

May this month bring you fulfilling joy in all things done for the Lord. Remember what the Word speaks to us; Whatever you do, in word or in deed, do everything in the name of the Lord Jesus, Col. 3:17. Just obeying and doing it gives us a full reward, the reward starts now and continues for all eternity! We joyfully pray for the divine provision to cover you and us, His children. Today, we are working a harvest that will reap and gather together the most souls in the history of the mankind!

Building for the Homeless families.

We had a great time in Romania's white fields. It was truly a blessed time to see the expansion and watch the fulfillment of God's Word and promise for us.

Thanks for your prayers and support to us and the Romanian church!

Our Spring, in Romania, was spent mostly guiding and coaching leaders, ministering to all believers, taken one by one or in small groups up to each's one level of maturity. We then helped to move them from the first to the second level. We watch on the tower's post as the Lord called out each one to minister life to their own peers. Then joined up with our leaders to preach and teach God's word to the people they are serving both in and out of the church.

I did this throughout my travels. Wherever the Lord prompted me to go, I drove a little more to do and finish the task right away. We are resetting their personal and ministry relationships. First we all need a personal relationship with the Lord, then we are commissioned to stand as a serving leader to the needy who are filling the space around us. We continue to serve them until they will go and do the same. Isn't this the same Jesus did to His close disciples, and then after they were commissioned to go? Go, therefore, and make disciples of all nations, and teaching them to observe everything I commended you!

Certainly, Christ engaged the very needs of the new disciples and people around Him, feeding the hungry people, lifting the feeble kids and the little orphans, covering the poor and the naked, healing the sick, touching and mending with the infirmities of the disabled and made them to run.

LET'S PERSONALIZE A COUPLE OF THESE OUTREACHES.

First thing, we were making true disciples of Jesus either in person, or sometimes reaching smaller or bigger groups. We were guided by the Spirit, not wanting to loose the moment. It is best to redeem the brief time we have to change a man, use the little opportunities that God gives us.

We had also an American family who blessed us, **Rev. David and Becky Teran** with whom we worked together the discipleship teachings around Oltenia. After they left I continued the same teaching to other groups in the South, and into the West and central part of Romania as well. These personalized Bible seminars reached about a dozen towns and locations in Romania. And this was the base of the teaching: **A disciple is a follower of Jesus Christ who abides in Him to do the Father's will in the power of the Holy Spirit – and teaching this to others until they are doing it.**

Our much needed vans are here and on the road.

Always aware and ready to cover us in prayer and support, the ministry of Life Outreach International and James and Betty Robinson, provides the much needed vans.

At Baile Olanesti, in the month of May we had The National Leadership seminar where more than one hundred leaders attended Our guest

speakers was Bishop Steve Miller and his son Steve Miller, Jr., from the Houston area.

It was a great privilege to have back Pastor Steve and his son, their background is competitive wrestling, and both are first world champions.

On divine appointment the discipleship training continued at a high level. Our inherited spiritual authority is coming from our Father through Christ who is the Son of God. In turn we should have the heart of the Father and make disciples who in turn will be matured and continue to do the same.

Now let's name it: When the disciples of Jesus are grown up and ready to go, then we have Church Planting that springs into action.

Our sole purpose is that each leader we train up disciples. We are discipling them to grow to full maturity, then he or she will be out on the church planting field. They will not only be evangelizing the town but have a follow-up to tend the sheep into the fold. They will settle down as Christ's church on the earth, a city on the hill will enlighten the whole town and the world around it will be changed.

Thirdly, within the church planting basket - The Needs of the People are met.

We serve not only on the spiritual side but rescuing them mentally, physically and materially too.

But first the final product of soul and body starts with making true disciples who are

dedicated and become strong leaders who are out on the Gospel field.

This is our first given divine duty to make disciples and then God will bring the blessings of the multiplication and the increase in all things.

Using the vans to reach others.

Transportation matters, and how we'll use the time between point A to point B. Time means economy and income. It also means eternal souls, sons and daughters of God.

PTL! Now we have a full-time van on the field, it is already there doing its job. The second one is mostly used by the leadership training programs and church planting outreaches. The vans will be used as well to serve wherever may be needed most, for the use of the children or rescuing people wherever the emergency may be. Needs often are a ride to a hospital, a doctor or feeding and clothing the little precious ones.

Thanks to Life Outreach Ministry, Dr. James and Betty Robinson for fully delivering this van, and helping with the second one to be put in use for the Kingdom of God in Romania!

Now here are the Little Precious Children living under the poverty level. They may be from the very poor families or orphaned of one or both parents. Included here are large families, single moms or dads, and the very poor living in dire poverty. Most of these need the real true God to rescue and save them out from their hopeless fallen lives and of Satan misery created on the earth. Factually, as I mentioned before there is no other entity on the earth to help them, but only the Herald Good News of the Lord Jesus Christ can take them out from this bottomless pit.

And for this we need a disciple of Jesus and at least two or three believers gathered together in the Name of Jesus that now we are calling the Church of Christ. Only then we'll have the emergency team rescuing people right on the spot and made ready for action, wherever the need may be. Here are pictured a couple of emergency outreaches and people who had being rescued out and now are settled on the path of life, living the eternity with their Father God!

Love to see and hear from you, I missed you,
