

*My dear Brother and Sister,*

May the Kingdom of God Blessings be poured over you while walking along with me here on this earth! May the Lord guide and lead you each moment of your life to His eternal purposes and promises, now and eternally.

This is my prayer for you who became my closest brothers and sisters knowing you through your prayers and support for us in Romania.

### Raising New Leaders in the Ministry

In Romania I'm spending lots of time raising-up new leaders in the ministry. I counsel, teach and train them while encouraging them to reach the unreached groups, the next town or village around them.

Casting vision is the highlight of my ministry with them. Many of our new planted churches still don't have a local leader or pastor. *The living church needs to move and not park here becoming comfortable and stationed in one place. Training new leaders is exactly what happens here.* If we have a lone leader, he may stay and pastor just one church, but when it's a multiplication of leaders then you march with the new army to conquer the next virgin territory.

This outreaches mostly takes place in the south-east part of Romania besides the Serbian and Bulgarian borders where the unreached people live. Today I'm less involved with the rest of Romania as the North-west areas are being ministered to by others.

### Evangelism Outreaches to the Poor. A Bible for Each Home - Project

The Urziceni Philadelphia church pastored by Costel Gramada reaches out to

evangelize the city where many have not heard the message of salvation. In the five little towns surrounding it, most people

don't own a Bible, and most of them never held a Bible.

The year 2017 has been declared by this church the year of the Bible outreach, "A Bible for each home". And for this project is needing about 3000 Bibles.

A Bible costs about \$2 each. They will be purchased with a real special discount from the European Bible society. The total project is for \$6000

### Primary Church Plants to Unreached Groups

The close by Moldoveni Church was planted by the Urziceni mother Church. By God's grace it succeeded to build a little church in this village. But the main sanctuary is still

unfinished. The wood floor needs to be places and chairs furnished inside the sanctuary.

The church holds services in the building but must borrow chairs from neighbors. The room is heated by an old wood stove, people are standing on the cold and rough concrete floor. But most importantly is the presence of the Lord in their midst.

To finish the building they still need about \$4000.

**They asked for prayer on the following projected and needs:**

Pray for a Bible in each home. Pray for the Father's healing house project. Pray for the returning home of the prodigal son, and pray for the coming revival around the southeastern part of Romania, where the church is operating.

### **Feeding the Little Hungry Kids**

One of our focuses was the feeding programs to the hungry kids living in poverty. Many of these kids may live with their parents or relatives but their family income is so limited that it can't provide two or three meals a day. When they get sick and visiting a doctor, mostly they are found to have vitamins and minerals deficiencies, and lacking healthy proteins.

Our feeding meals are regularly held in the towns of Garbovat, Corcova, Valea Perilor, Secu, Motru, Urziceni, Moldoveni, Valea Lui Patru villages, and Piscu Vechi villages. Many of these named above are just feeding centers that are reaching out to other villages.

### **Summer camps are Here**

For about a week each camp feeds a hundred kids or more, day and night. So, the feeding programs are really taken a heavy toll on our resources. Anything that may be supplied by any support coming from outside Romania, including our American brotherhood is greatly needed.

**Praise Report, The New Mission's Pastor Samuel and Sabrina Brum** from the Resurrection Fellowship, CO visited for their first time with us in Romania this Spring. We truly had a blessed time having them work alongside us, encouraging us in the Lord and ministering for us in the city of Urziceni and a gathering of surrounding area villages.

Resurrection church has been for decades a longtime runner with us in Romania. Because of them and some of you standing strongly behind us, lots of things have changed from the first years the ministry started the work of Christ for Romania.

Besides thousands of souls found their way to haven, and made their abode on the eternal shores of God's Kingdom forever and ever!

Please pray for the summer camps, and pray for all of our minister-leaders, and for our kids and the young people with us to become one people under the great banner of Christ the Lord!

During the summer season a draught in finances is usually experienced. People gives less than usually at the time when more needs to be covered than usually. Pray for more people to respond, and go the extra mile with us. We need a generosity for this month given that opens up fully the summer programs.

Thanks for being our faithful partner in the ministry,

*John & Viorica Dolinschi*
