New Church plants, Start with Kids

May the Father our Lord Jesus be blessed through the Holy Spirit in us. May we praise and glorify Him in all what we do here on this earth! Thanks for interceding for us before the Lord Jesus our mediator. We declare in faith the return is coming back to you!

On this special March prayer month, I would invite you to pray, ask, intercede and bring thanks to the Lord covering the whole year of 2017.

Please pray for the following people and outreaches.

1. Pray for the Dolinschi family, spiritual cover of guidance and anointing, health, safety, blessing and fulfillment of all the heavenly projected objectives planned, known or still unknown to us. The whole family may be kept strong in God's grace!

2. Pray for Bob and Millyne Brown our USA side co-workers in the ministry who have set up their lives to assist us in Romania, to help this ministry run smoothly, to cover stuff that I can't do here myself. And they do it volunteering freely, just getting a little bonus but not really being paid for the amount of the work they accomplish.

Pray for their well being, for sound spiritual and physical health, and for their extended family, their daughter, son in law and grandkids, and their living mother. Pray for comfort as they have just lost their father. They are standing with us they should be rewarded and blessed by our Father who is in heaven.

3. Pray for all the people who by prayer and support are involved with us. pray for the monthly and project sponsors, for the pastors and the churches who joined with us, and other precious families who help us. Pray for all our friends who are with us by their financial support. Let's pray they receive a double portion on every good gift from our Father who is in heaven.

4. Pray for CCFR Ministers in Romania, pastors and missionaries, including those visitor guests, may the Holy Spirit guide each one of them.

5. Pray for the ministry planned projects for 2017. We have a lot planned, but understand God is able to provide for every bit of it. There are about 25 new planted churches without a building to house the new little formed church. Let's pray to see the day when all these precious souls enjoy the Lord in their house of worship.

And let's believe over 2017 this vision CCFR will be able to continue to plant at least the same number of new churches.

Pray for a breakthrough souls harvest when instead of hundreds being saved, hundred of thousands suddenly will come and meet and see the Lord, rescued and saved into eternity.

What is the CCFR Actual Ministry actively doing today?

1. Bible Training & Leadership Seminars – Raising New Leaders and Pastors in the Ministry
2. Evangelism and Church Planting Outreach
3. Children Evangelism and Outreach - Feed & Clothe the Precious Poor Kids
4. Youth and Children Summer Camps – Special Events for the Youth and Children Outreach
5. Christmas Winter Shoes for the Little Frozen Feet of the Poorest Children
6. Assisting the Poor Families, the Disabled Ones, providing Food, Clothing, Surgeries, Medical Needs
7. Life Center – Life and Job Training Program, making the Impossible Possible

Assisting the Poor

Here is one Illustration that spells out a Life of abundance in Romania Outreaches

Life Center Speaks for the Rest of CCFR Outreaches

In the last semester of 2016, and the first semester of the new year the precious teenagers, young men and ladies at the Life Center successfully ended their year, and started a new year in a strong spirit of thanksgiving driving by a purposed life. God provides a couple of new students with a lot of enthusiasm and dedication to serving Him. They easily pick up the Life Center vision, joining with the staff to loving care for others just to make sure that each, brother or sister in the program does not fall behind but finishes well.

Since they entered our gates, they are becoming good workers, attending all the Life Center's required programs, and their training at schools, colleges and universities. In the past some of them had disciplinary problems, but by the loving Spirit of God, the past is being forgotten. They are now responsible, accountable, and fully integrated to the Center's life vision, and passing the flame to

the people beyond the center's grounds.

It is just good to behold how they are growing and developing deep in their hearts, first saved then working to shape the characters, involved in the local church ministries, becoming teachers and praise worship leaders, setting up musical and worshipping teams, and make a life difference wherever they go. They are touching the poor kids, the street teenagers, visiting the forsaking elders, feeding and clothing the poor families, and serve and care for the bed ridden mothers.

Life Center sports teams are involved in competitive city sports playing with high schools and state universities of the cities. They mostly win one of the three prizes.

Really, it's a fulfilling joy to see these kids coming from a poverty background or broken families with no one who care, some orphaned of one or both parents. But just watch and look out on the end of the track as their composer and life completely changed. This is done only by one possibility; "Jesus love is just sufficient for all". They come out to change their life hardships and past

failures into living testimonies that brings strength to the extreme needy around them.

Where a Child in the Life Center or a new plant church is Coming From:

Ionut and Andrei Garnod are the children of sister Nicoleta who was saved around a year ago in the new planted church of Corcova, Oltenia region. Sadly, the parents don't hold a permanent job as the village is far away from any city, and jobs are wherever they can find for a day or two to get some cash. Their father is an alcoholic, who when drunk abuses physically both the mother and the kids. But what to do and where to turn but just to Jesus. There is no other escape besides our great God. She is praying for his salvation and deliverance and for their home provision and protection. When we delivered shoes for the kids and her, she was so overjoyed with gladness and thanksgiving, she was like a little child who received a great gift or treat from a loving parent. She exclaimed, I'm so blessed to know my Jesus and having here someone loving us so much, what I would have done without my Jesus who is with me always.

And the shy kids joined with their mama in dancing, leaning on their ma laps and kissing her.

And the little one Andrew dared up and said when I grow up I want to provide food and shoes to the little kids and their moms. I want to be a preacher for Jesus and help others like you do pastor. Most of these kids love reading books as they don't have smart cells and laptops, so we provide books when we can. Most important we encourage them in their schooling and ask the kids to come to the new church for Bible stories reading, and very nice study pictured book. We will be singing beautiful songs and in prayer speak to Jesus who loves us all so much, and specially the little kids.

Some of these kids are growing up in these small planted churches and now are in trade schooling at Life Center, and others are taken right from the

raw evil and cruel world, a summer camp or so. Jesus is good, and this is the way of the Kingdom of God's harvest, speaking and doing! Let's go for it!

Pastors Training and Church Building is our Highlight Year Program

There are dozens of churches planted but lacking a building, sometime I want to cry before God for this big need, as I know what we are losing without a church having a settled location and building. How many more would come and be saved? People flood to the church as a dedicated place of worship.

Because of a mental fixed belief system, many will not attend a meeting in a home. They believe that this is a door way to a cult or witchcraft. They will attend a service in a fixed church building. And how else you can teach

them if we can't catch them in our audience? So, please specially pray for a fund flooding, for a church building fund.

You know in these poverty primitive southern areas only between \$20.000 to \$30.000 is needing to build a church. In the west-northern large cities the cost is about four to five times more for the same size building.

The building price is worth the souls. Let's pray and go for it!

Soon I'll be caught up in leadership Bible seminars, and be locally and regionally with many leaders and pastors. How in the world we will pastor these new planted churches and other towns which stands aligned to plant a new church? We must have spiritual leaders at the right niche to work with the kids and teenagers, visiting and bless the needy families, speaking and praying with people. In this we need you as much as we need those who set their feet in the territory we're going to win. Today, you and I are like generals in the headquarters who are strategically leading the army.

Starting with the month of April, we'll need funding for these disciple leadership seminars, just be the one to lead a new battle on the mission field. Then we'll see this year work multiplied times and times more, and again and again, until the day when we'll be crowned and rewarded by the Lord of hosts!

Thanks Brother and Sister for coming and staying enrolled in this battle with us!

Thanks for your prayers and support,

John & Viorica Dolinschi
