NEWS

Love Greetings and Kingdom of God Blessings!

I am praying your summer season of the year may be your very best in all you are, do, and accomplish spiritually and materially! And remember in God's heaven economy, the best is yet to come. We pray this may be true for you to receive and please pray the same thing for us here in Romania!

**Pastoral Bible
seminar at
Baile Olanesti**

Oltenia region

PASTORS BIBLE SEMINAR PRAISE REPORT

This April we had the best pastoral Bible seminar at Baile Olanesti (Potter's Baths town) located in the Oltenia region. Most of the pastors came from Wallachia, Montana and Oltenia south-eastern region, with representative leaders from all over the country.

At this special meeting I heard the voice of the pastors saying to one another, "What about this spiritual atmosphere we're bathing in here? This is the highest level I have experienced and I continue my ministry in it."

However, I do remember that at each meeting in the past I heard the same good news spoken around us that this is the best one we ever had so far. I'm really blessed to know the presence of God is refreshing and updating each time He is with us. He takes us to higher and higher grounds. I believe God's favor and merciful grace blended with the hunger of the

leaders takes them into the deepest refreshing and greater joining of His presence.

I was scheduled to visit with a few of these pastors who were part of our April conference. I was truly blessed and felt filled when they excitedly told me what they learned and applied in this past conference or the one before it. Moreover, how they applied these new changes within the ministry team and into the church. Usually I'm replying, "that means you're the one who changed first and they are just following you, this means you truly are a called out leader.

Thanks God for Bishop Dale Yerton from Kentucky who dared in working faith to come and help us in Romania both financially and by his own presence, spirit and flesh to come and teach about how God's transforming power and grace. He uplifts our lives to the mountain tops, and we are to flow like rivers of living water, and float like high flying eagles that are not getting wearied.

Please, pastors of America pray and consider the white southern fields of Romania that is still very needy and fertile land for sowing and reaping. Come and help the harvesting, right here in the Indian, African, or middle east heartland. Romania is a variety contrast land that each corner offers a little of everything around it, come and see it!

Secu Church is Continuing Building the House of God, Praise Report

Pastor Florin Scafaru planted this church with the assistance of Bishop Milo Novacovici, and I myself got involved as well. Secu, was a town with no believers at all, and the first audience to hear the Gospel were children and teenagers who were looking for friendship, clinging to a little ray of hope to ignite somehow their seemingly hopeless future. In the past the town was run by the human flesh traffickers who were trading humans for forced labor and sex. For their own profit they took away both boys and the girls. But Praise the Lord at this time the Lord sent His heavenly embassy, and His own staff to rescue them. The thief came only to steal, kill and destroy the lives of the people.

Now, the young tender guys are part of the faithful church membership, and trained to be in the ministry teams. They are hard workers who stand up to

build for God. This is the best life project they ever had in their little town and villages around.

Here is the continuation of the building progress, as the joy of the Lord is all over them. Their hard work is just relaxation in the Lord as they came to know the One they work for at this miraculous time.

Thanks God for Bishop Dale Yerton

Photo above is the seminar in Baile Olanest.

Below is Cristi & Emilia and family.

Thank God for this precious family, the Clarks who gave generously to help finish a couple of church buildings that were started a while ago but were forced to halt because of financial resource drained. PTL! Our good Lord provided the miracle to go forth and finish them by sending these wonderful couple Dale and Velda to do something right now!

Carceni Gypsy Church Needs to Finish the Building – Project

The Carceni town is on the top of a mountain and its population consists mostly of gypsy. This high hilly location is a barren terrain that is not good for farming or for raising animals. There are no industrial businesses where people may be hired, so most of these hard working people have to work in large cities across Romania or father away in other West European countries.

What a wonderful grace God poured out when about half of town came to know the Lord and decided to serve Him faithfully. Here there is a revival among the gypsies clans, and usually when the Holy Spirit wind blows, whole families are coming to the Lord.

For a good while, Carceni church is like always in the need to enlarge their own church house, because up to their economical level it is hard to invest to build a new larger building, but here and there they took some walls

down and enlarged the space seats. Presently, they do the same, they have church services inside, surrounded by the unfinished walls, ceiling and flooring, lacking the funding

to go to finish up with one shot, but a little here a little there according to the money they could save for it.

To finish up the building they need up to \$6000

Let's pray for the miracle money to finish it up, and use it for the Glory of the King Jesus! I'm looking to hear someone say, God told me to give it all!

PASTOR ROMULUS SIGHT GLASSES PROVIDED - POOR ORPHAN CHILDREN RESCUED!

Praise the Lord for the special glasses provided to Pastor Romulus Paraluta!

The project was posted on our April news letter, and may the Lord bless our compassionate brother Matt Goracke who sponsored the project graciously.

I want to give special thanks as well to **Sister Patricia Patton** who gave generously to help the poor orphan kids who are still struggling on the southern Wallachian region, any money is a lifeline rescuing blessing for so many little precious kids as they suffer from the lack of quality food. These kids succumb to sickness and death, and usually when they see a doctor, it's too late.

BUILDING THE HOME FOR THE VERY POOR FAMILY

Cristi and Emilia Craciun are raising their 5 kids, age from 1 to 8 years old.

This family since a couple of years came to know the Lord, and they used to live in a very shabby home made from clay that was about to crush over them. Their new planted church pastor came along with hands to help build a new home for them. Together they laid the foundation for the new home assisting the struggling family in whatever they could. They were living in the old broken home, an arms length to be harmed or even killed by the crumbling building.

The new home building is now up to the roof, but pitifully they being forced to slow down because of shortage of financial resources. The church itself is in the early beginnings, and most of the members are people with very low incomes. With the building up to the roof

together we provided two rooms where they could temporarily live without a real roof over to protect them, but just a covered nylon tarp. It still leaks when it is raining, and the cold creeps in the rooms easily.

The good husband, and the loving father Cristi himself was an orphan of both parents and being raised up by the state orphanage, but today he is very happy and thankful to have his own kids with a mother and father besides them. Both of them are loving parents who love and suffers dearly for their kids.

Emilia had heart surgery and she can't be very active. Usually the wife is supposed to participate with the family hard chores just to give a part income for the family.

However, Cristi is a very hard working young man, he is up working very early in the morning until late in the evening, and helps his wife with the cleaning up and the meals, very reliable, and he is there where the church needs him.

There is a recent miracle story when their home caught fire. It could have burnt down unless the Lord intervened, and even worse it could have killed all the children. One evening when the mother went to shop for some grocery, the children wanted to light the gas lamp light. While igniting it, the lamp fell and the room caught fire. It was just a miracle of God who prompted the 6 year old girl, Lidia who carried outside all the siblings including the two little babies. When a neighbor heard the commotion and the scared crying of the children, they came out to investigate; and right away put out the fire. Only by God's hands at work that set up Lidia and of the neighbor to work together, the damage was just some clothes and furniture.

What they need at this time is the roof material money and electrical power from across the street.

Now it is time to intervene ourselves and do something to rescue this precious family out of the elements of the weather! The whole project is \$6000. We're praying someone sent by God to pick up on it, and come to say,

let's finish it right away. It will be a great thanksgiving offering coming from their little hearts!

Orphan Summer Camps are Knocking at the Door! Project.

Camps preparation is underway as June and July are quickly approaching. Most of our loving supporters know the efficiency and the great difference over the many years that was made through the camps! Mostly, these camps today are running for younger kids, teenagers and orphans, and qualification requirement are the kids living in poverty who usually are not able to get out for a summer vacation. These kids have no one to help and give

them a break. I see their future, these kids will be saved while at the camp and other will decide later to get it. Likewise, the man from the above story, brother Cristi attended a summer camp and it was planted in him that Jesus loves him the most, and after getting married both he and his wife decided to follow Jesus, today serving the Lord faithfully.

Here is the fruit of this camping ministry, let's pray for the salvation change victory of 2016 camps, and let's pray for the financial provision that according to God's plan no child because of lacking funds be left behind.

Any special offering large or small would be a true blessing to help a kid or more kids on this summer camps that are starting in less than two months.

Love and prayers from Romania! And continue to pray for us, Thanks for your support!
