## Bishop Richard Heard, with translator Pastor Nicu

Love Greetings  
from Phoenix,  
AZ!

Just a day ago I returned from Romania where we have been since the month of May. It was a great summer and fall time ministry, not of our own worth but by the wonderful grace and favor of God providing for us! Thanks for those few who prayed and stood with us while we were so much involved and at many times too busy to keep a good lines of communication with you back here in the USA.

### PASTORS CONFERENCE-SEMINAR PRAISE REPORT

The end of October we held our *National Leadership Conference-Seminar*. About 170 pastors came from all over the corners of Romania to the top of the mountains at Brasov Meadow recreational area. Our speaker was Bishop Richard Heard, pastor of Christian Tabernacle Church of Houston, a real humble man of God carrying a profound powerful anointing and teaching gift. The conference topic was "Elevating the King and His Kingdom" It is hard to describe in words this special gathering. From the beginning to the end, everybody felt we were under a permanent shadow of God's power. It was like we were locked in the X-ray room of light and love with no visible door to get out until your doctor says, it is finished, you can go. This heavenly package came with forgiveness, deliverance, restoration and freedom, family integration, healing of the soul and of the body. People were changed in their hearts and minds and ready to step out in the Kingdom of God's provision.

*I was sent to  
preach the Gospel  
to the poor and  
broken hearted!*

I heard pastors speaking out great testimonies of how they were touched by God, and I overheard them say to one another, this is the greatest presence of God meeting I have ever been in, and I want my people to have this. How I can deliver in preaching the same life ingredient to them.

I'm sorry I hadn't much time to gather testimonies, I had to leave right away, but the leaders lined up to shake our hands, showing us

their appreciations. Here in Romania pastors are in great need of Bible training so they can minister day by day. Some have teaching but many are very young children of God. I call these pastors - dedicated passionate missionaries working and living in hard and primitive life conditions. They are fulfilling what Jesus said about His own ministry; *I was sent to preach the Gospel to the poor and broken hearted!*

Pastor Costel Gramada, the main organizer of this conference, told me: Pastor John, though I was busy with the daily details of the conference, I received the deep waters message of Bishop Heard. The spiritual atmosphere in the room lifted me to a higher dimension relationship with my Father God. I feel this impacted my life and ministry and I'm very sure no longer will I be the same. And regarding the CCFR Leadership Fellowship network, of which you're the founder father, many leaders in Romania are radically changing the way they minister to others.

Here is another pastor and close friend, Pastor Relu Paraluta, who with his team planted dozens of churches and is the Bishop leader of the central south, Oltenia region. Pastor Reul writes. My spiritual dear father John, I do still feel so happy and blessed because of the last conference. I am in a constant joy of the Lord. I picked up the spiritual ingredient of this constant joy and hope that was spread over the days we spent together in this great Bible seminar. I am truly revived and revitalized with spiritual newness in Christ.

Pastor Richard taught us by the Spirit not just the letter. This prophetic teaching lifted me to live by faith as a son in the Lord not only as a servant. I understand we grew up in Communism where the slave mentality was the main life motto, and the church picked up on it too. Pastor Richard's teaching sets us free. My leaders team asked me to send their thanks to you for letting them come with me to be part of this wonderful Bible conference. We know there was a great demand from many others to come.

As other leaders share their testimonies of their life and ministry changes because of this conference, then maybe next month we'll bring more testimonies as space permits.

I ask you to pray, maybe it is time to invest life into this ministry of reaching all of Romania through the church. I would love to see more pastors, and brothers and sisters in America support this main part of the ministry because there is a lot more to do. We are lacking interest in this area of leadership training.

### FROZEN FEET PROJECT KNOCKS AT YOUR HEART DOOR

Our Christmas shoe project has become historical in Romania. We help the precious poor kids in this big need, to get relief and warmth to their frozen little feet. This year project is in no way diminished, we must back the program so stand strong. I say this only by prayer and faith, please back us in prayer. There are many kids in great need and by prayer and hope are looking with a lot of lovely expectation. Many others will be blessed for the first time to change their rubber thin shoes with the warm winter ones.

I'm looking forward to hear good news of providence on this project! Now is the time to give so we have time to purchase the shoes. I'm looking forward for a miraculous praise report in December and January!

### Progress report of Secu church building

Last spring we started building the Secu church building. An old saints family from the state of Washington donated several thousands dollars, it was a miraculous move as the Lord spoke to their heart to give toward this church building. This happened because the children who attending the church started to pray fervently that the

Lord would help with money. The church owned land and wanted to build a church building that they could call their sweet home. Since the first evangelism reached the Secu village, each year these kids and teenagers were blessed with Christmas shoes, clothing and meals. Their hearts of faith the Lord heard and came to their rescue by the Clark's family project.

Much was done before the money ran out and now they have halted work as their faith goes out once again, looking for God's provision. ***(Will God call you to answer their prayers?)***

When Pastor Florin, who is from Pastor Milo's Oltenia team, preached for the first time, there were no believers at all, in fact they knew almost nothing about Jesus the Savior. Now some of these kids are teenagers and are deeply rooted in their faith while practicing it with boldness. Please join with us and these kids to lay a roof on the building. We are ready to begin construction at any time to do the job regardless of the cold or warm season, we just need the financial cover to start.

### **Circeni Gypsy Church project and needs**

This Gypsy community consist of 2000 people. This large village settlement is very remote. It is on top of steep and rough hills in the likeness of the native Indians of America. It is truly a wilderness area. Maybe the first group who settled here looked to find relief and quietness out from the discrimination of the world around them. The land in not farm land, even a small garden is a challenge here. The Gypsies survive by raising chicken, goats, sheep and donkeys. In the dry summers, water is scarce and must be carried from a mile down the valley. They live here and are too poor to move anywhere else. However, people are happy for they receive the living water from God. They joke, saying, hey we may not need the potable water if we have the healing living water springing in our midst. The Lord heals them of many life killing diseases.

God really moved on this community and many people were saved and are being saved day by day. The church moved from house to house, from a smaller building to a large one but the place again became too small. The church grew to 150 members. They began building believing a promise from a western church that they would be assisted, but this promise didn't come true. The roof was placed over the new enlarged building but the ceiling is still lacking. At this time the church people cannot meet in the building. They split in groups here and there in different homes. Some of the homes are too small to get all the church members in, so some people are left out of the worship meeting.

The need is for about \$1500 to have the ceiling and the insulation protection so they can heat the sanctuary and move into the church to worship there. We pray God will send someone to sponsor this eternal worthy life project and let the unsaved come in the house of God and get saved.

### **Miracle of God's Provision works for the faithful poor families of Circeni**

By our dear Pastor Relu Paraluta, Pastor Milo Novacovici and others, we always try to help the very poor precious families from Circeni. The same

we do with other broken towns and villages in Romania.

**Viorel and Mihaela Moda tells us** their story. They needed money to have surgery for one of their little children. God sent the money without telling others their emergency need, they were needing money to travel to Bucharest and pay a special hospital and specialist doctor to perform a rare surgery and by God's grace it was done as requested and the boy lives stronger and healthier.

**Bebe and Carmen Anghel shared** with us that they didn't have any food to lay on the table for the their 10 little kids. They will have to go hungry. But that evening they gathered their kids and started to pray and thank God that the food will be there for the next morning. Sure enough, the next morning lots more food, some clothing and a washing machine knocked at their door. This was much more than they asked for, but God knew they need it all.

I can go further and tell story after story but the writing space permits me not to do it. I conclude this newsletter to you in a heartfelt prayer! As I told you we have been in Romania since May. Our personal and ministry support is very low at this time. I didn't get the time while in Romania to communicate back to you. I was working, and working to preach and reaching the poor for Christ. Now we're lacking, our personal support is very low. I am believing that together we can do a job of prayer, practicing faith to have the increase both personally and in the ministry. Please consider double donations for these last two months of the year.

While here in the states, I'm available for traveling and speaking, meeting you and the church, please let me know if your church is open for a service for a living word message and to bring Romania closer to your heart.

Thanks and looking forward,

*John and Viorica Dolinschi*
