

Christ Commission For Romania

Love Greetings from Romania!

My inward perception and working with you for a long time tells me you're here with us, certainly, in spirit, truth and deeds.

And through your prayers and support we feel that you're plowing, seeding and harvesting along with us. This really means we're becoming wider and stronger by occupying the land for Christ's Kingdom, and in the unity of one accord we stand more than conquer.

This letter is just a short call and report from Romania's white fields that are ready for the harvest and before the day is over we need to be at the reaping business.

Next month report we'll bring you the news of the fruit gathered into the store house of God.

Here I'm in a very busy season of Bible seminars which focus is on raising of new leaders and pastors for the vast fields of Romania.

RASING NEW HARVESTERS FOR THE WHITE FIELDS

This month we're standing for the Leadership conference, Bible seminars, Discipleship

schools, that all in all we're apt to raise sons and daughters for the Kingdom of God in Romania, east of the continent and for the far east world that lives in deep darkness.

Just in a few days we'll have a national leadership conference including the national key pastors of churches, and outreaches. It will be a great time of spiritual up-lifting and practical vision to reach the unsaved, the poor people, the destitute children, the widow and the orphans.

Then I'm going to hold a follow up of regional and local seminars to make and raise disciples and develop new church leaders. We'll watch and see the plowing into the next towns and villages, with evangelization and new church plants in the darkened lands of south-east Romania. This way we'll reach the hungry and the poor families with the compassionate Gospel of the Lord Jesus Christ. The precious needy children and the youth will be rescued from poverty and the pathway of death. Instead of witchcraft, curses and death there will sprout springs of living waters that will bring a joyful life as God's Kingdom prosperity will settle in.

Let's move on, our dear family from America, together, let's take up the darkened land and turn it into the land that Light and Christ the Lord rule over.

Let's take the land of Wallachia and Transylvania, the land of Dracula and make Jesus the Lord and King over it, then, we'll see the Kingdom of God come as in heaven so on the earth.

LEADERS TRAINING PROJECT

We're lacking support for the end of this month and the start of the next month's discipleship seminars. We still need somewhere over \$2000 to make all these great training centers work, and I do truly hope this will be here just in time.

CHRISTMAS SHOE 2014-15 - PROJECT

Here, I want to remind you that this month we'll open up for the Christmas shoes donations. This way we can start to shoe the

precious poor kids before the winter's cold season settles in.

I do believe many of you follow this outreach blessing over Romania, year by year, since several years ago. Thousands of poor shoeless kids who would not dare to walk through the snow and were missing school, have been blessed with new winter shoes and rescued from freezing their little feet. Besides, joyfully playing in the snow and attending educational classes, this one thing opens the door for a better hope of life out from the poverty.

Thanks everyone who made and will make a life difference to a precious child, and thus making their parents cry for joy!

PRAYER FOCUS OF THE MONTH

Please pray for a miraculous national leadership conference!

We want prayer warriors to stand ahead, behind and all around us. We expect incredible things coming from the hand of God.

We'll have a follow up after that, starting with the most needed areas that are over the Danube river, beyond the Bulgarian, Black Sea, Turkey borders. Later a couple of teachings will be held in the Transylvania and Moldova regions.

The focus of these local Bible seminars is turning the main Bible training seminars into disciples of Jesus, and as a result many new towns and villages will be evangelized and then plant a God's embassy church in each city, town and village to reach the hungry and the poor, and the orphan who are on the edge of death.

Please pray for the Life Center which is an outstanding ministry in Romania! There are some adversaries who are wishing this ministry not be available on this chain of love and by this the mark of God's glory be missed. They want it to function as a social humanitarian hub. But this ministry will stand complete only for God's mercy, for the ones who are finally framed into the image of God blessed people on the earth.

Pray for our main leaders of the ministry:

Iuliu Centea, Costel Gramada, Milo Novacovici, Costel Prisacaru, Nicu Gramesc, Nelu Filip, Cornel Bistriean, Gicu Ignat, Relu

Paraluta, and there are many others who are in the network of this of CCFR outreaches.

Pray for us as we'll travel and minister in many places around Romania, truly we are in need to have the favor of God on all these meetings, protection and safety.

Thanks for praying and your giving!

John and Viiorica Dolinschi family
