## Bringing Bible Seminars across Romania

Time is seasonal, there is a time of plowing, seeding, growing and harvesting! Usually, the ninth month is the last harvesting month of the year, now I urgently exhort and ask you, let's go together as one person in reaching and reaping all the Lord's harvest, that is in the white fields of Romania.

**Seasonal Harvest of Raising New Leaders** is at works on the white fields.

This is the right time to disciple new leaders, teaching them quickly in the Word of God and taking action by practicing the Word right away. Jesus's great command is to go out and make new disciples for the Kingdom here and for the eternity to come. *We believe that every new convert and believer of Jesus Christ must be lifted up to a level of ministry.* Here in Romania we have to rely and trust on every Christian to be a proportional leader according to his measure of faith and calling. They need to serve other needy people around them.

This is the most opportune time of the year to have seminars around the regions in every region. We hold Bible teaching seminar to raise new leaders among the region's own people, while helping every believer to become a true disciple of Jesus Christ. These seminars are equal in efficiency to attending a bible school for years in America.

**The national leadership conferences** are scheduled to take place in the first part of October and the second one in early November. Please pray for a pouring of the Holy Spirit in these special gatherings to encourage one another and together spread inspirational moments they will remember for ever.

But also grabbing the Spirit's anointing and the Word that will be treasured in their hearts and applied toward the great

commission to reaching the lost souls around them. These leaders are truly hungry for more. We don't have the same saturated of Bible teaching like the church of America. In Romania we are still hungry and thirsty people to hear the revealed truth of God's mighty Word.

Please pray for our conference main speakers, Pastor Steve Miller and Pastor Ed Huie.

**From now till the middle of November** I'm very busy with these local Bible seminars where we get real close fellowship and ministry times with personal answered questions, concerning the difficulties and problems encountered by our leaders on the field.

These local Bible School seminars are linked to growth and strength and then backed by prayers

and personal communications among them and with each one of the front line leaders.

**Please make a seasonal special offerings** toward this project, we usually need from a couple of hundred up to \$1000 for each seminar.

*Later on, some of our friends and pastors from the USA may receive special request messages asking to support the next coming seminars.*

*Please do not be offended if you receive one, and don't feel pressured to give, if you can't give at least you may whisper a prayer for us and the provision will be taken care.*

Certainly, myself I feel pressured to fill each demand and need on the field. If we are ready and available to go and speak it and change lives, why then should we not have enough to cover the financial need? So my prayer is, if there is a possibility with you to give then may your heart be moved to give.

**The Moldoveni Church Heating System.** We raised funds to finish the insides, floors, etc, and today the building is mostly finished. We are ready to gather the harvesting of precious souls into the heaven's barn. Presently, the church's greatest need is to purchase the heating system, like pipes, radiators, and furnace. The price tag is about \$3800, it is above their own possibility to buy.

What a blessed provision it will be to have the heating system working before the winter season sets in, and the town people may gather in the warmth of the building to receive the abundant eternal life from the here to eternity.

**Currently** we are hosting a little fellowship gathering for a couple of days in Timisoara with several southern pastors and leaders. They are staying and being fed at the Life Center. Everyone had the opportunity to speak, and tell a personal growth story in the Lord and brought life changing testimonies.

I am amazed of how much they have changed and developed since a year ago, they truly move and walk with the Lord. They also came up with their own local people's testimonies, new people who came to the Lord and changed their lives forever. Each one of them has a great testimony. Oh, how much they had matured by practicing God's truth, obeying his command to go act and do it, and through the process of acting becoming principled teachers of the anointed word of God's power.

Leaders like Alin, Nicu, Lazar, Laurentiu, Laiko, Florin and others, the Lord does a great work through each one of these guys, now I'm looking for the next generation of leaders to be raised up throughout the end of the year.

Please pray with us for the greatest harvest coming up, today the harvest laborers are multiplied, and tomorrow Romania will be plowed, seeded and reaping a full harvest.

Thanks for your prayers and given,  
Love, John
