CHURCH PLANTING
OUTDOOR MEETINGS

LIFE CENTER
NEW ENROLLMENT

Let's go into this autumn harvest time together!

Here in Romania this season is the most important season of the year. We are reaping and gathering the field and picking the garden crops. September and October starts a new year of schooling. Usually ministries shift into high gear, it's the best season for the leadership and church planting outreaches. So why are God's people

availability during this busy time of the year? It might be because most people are around home scheduled and ready for everything good.

Mamaia, Constanta leadership conference was held with Bishop Dale Yerton and Kelly Brake. They were joined by their wives, Viorica my wife, and all of our team staff wives, along with 100 leaders. We came together for a truly great time of spiritual growth, envisioning the Kingdom of God enlarged while we're still here on the earth. Like always, all of us felt this one was the best of the best we had, though it might not be exactly so. This is a measure of our love, with open hearts to hear and receive the Word as never before. see this as the grace and favor of God not only for us in Romania but the world. The Lord craves to see a true real hungry and strong church emerging on the scene of this troubled world of today. Politically and socially we see the moral crumbling, of the foundations of marriage and

family. Laws changed and enforced by evil world leaders that raised to power add to the problems. But on the other side the Lord is lifting the righteous people to stand for Him as never before. Moreover, a side part of a powerful silent church is revived as we stand in divine authority bringing His will on the earth.

Fresh breed of leaders emerges strong after our September Bible conference.

Brother Gheorghe is a young believer from the east-southern Danube River on the Bulgarian border. Since his new birth he is a hungry child crying for more, demanding Bible seminars and conferences where he processed great change and growth.

Brother George already has his ministry ordination serving as a leader in a new planted church. He is reaching to a couple of villages working toward new church planting. The way he evangelizes the people is by reaching their daily immediate needs. This may be physically sick, hungry, alone, lonely or just need a helping hand, all the while he is sharing Jesus.

He told me at the conference that this time his spiritual perception and understanding has doubled, he felt an inside tune up of heart and mind. The Lord spoke directly to him, answering a couple of his life problems that he couldn't understand or straighten out.

Brother Anghel Cercel is a wonderful Gypsy. He was miraculously saved by the grace of God in the small town of Boranesti. Mr. Anghel was the first man in the town to give his life to Christ. It was a bold decision as he became the target of the other men mockery. However, once saved he was totally delivered from the past of evil bondages, even his appearance changed. His eyes became the beam of love, a meek man's vocal cords replaced his harsh loud voice.

Church planting is a multi part ministry, evangelism, helps and love.

The Mangalia conference was his third national leadership Bible conference with us, in addition he attended our local Bible seminars.

The first Sunday evening service right after the conference I ministered along with the regional Pastor Vasile Bostiog, alongside brother Anghel who led the church service. I was completely impressed to see brother Anghel became a true leader in the ministry, encouraging and teaching people to follow and serve faithfully the Lord who had mercy and saved a sinner like him. God has healed his longtime alienated diseases. It is looking like soon he will become a great teacher and pastor to lead this church even sending people to minister to their homes and neighbors. I was grateful that the Lord at the right time and place provides what His church is greatly needing, a shepherd to lead His sheep! My heart was also bounced with joy when I saw other new saved men alongside him listening in the church service. Before only the ladies and children were attending the church and maybe here and there a man or two just visiting. He also told me that these conferences and Bible seminars changed his life in many ways, provided for him great spiritual growth. He said, brother John you and the leaders you bring are the real source of my Bible training, I read and study these Bible courses over and over again until I understand them all.

Life Center is a Contemporary Ministry developed into the eternity.

Hello, My name is Ana Udroni. I come from a non-christian family. I attended a couple of Christian summer camps organized by a local pastor who moved into our area. While he was reaching to the

children in our village, I received from him the favor to attend the vacation youth camp. I was 16 years old when I received Jesus but still didn't quite understand how to walk with God until I was personally taught the ways of God's intimate grace. I had no support from my own family and they usually told me to stay away from Christianity. I always prayed to God and asked him for guidance and comfort when I was upset. Today I'm continuing to pray and believe that my family will meet God soon.

I always loved reading books, going for long trips and playing different sports. I love working with children. I craved and imagined working in the Child Protection field. I got accepted at West University of Timisoara. Timisoara is a very expensive city to live in. I wasn't sure if I could start my studies as my family couldn't provide the necessary funds for me to live and study there. Now, knowing God, I prayed to Jesus to give me a solution to my financial situation and indeed, God has answered my prayer. I was told about The Life Center and the spiritual growth and ministry that happens there. Again, I can say how blessed I am now that in the first place I was accepted before many other good kids who desired to study here. I felt the favor of God on me as I entered the gates of The Life Center, where everyone shows each other love and kindness. All the other students are so welcoming and ready to help and assist you at any time. The leaders here are full of passion to minister to us and help us to grow in Christ and succeed in a professional life. They send us out to spread around the good news that Jesus Christ saves every soul willing to listen to God's message. This

shows how blessed is every student at The Life Center home and how we grow together to maturity in Christ.

The leaders at The Life Center have different ministry programs ongoing and one of them is ministry through different sports which I am so keen to work with. While enjoying it now I know that through it I am able to spread the good news to others. I am also grateful for the freshly cooked delicious meals we receive every day. My bedroom is so nice and clean in contrast to the University campuses, and we get here our social friendship and fellowship hubs where we meet and spend time together.

I want again to thank The Lord for everything He has done in my life and the fact that He provided me with a place to stay and continue my studies while doing ministry as well.

May God bless you all. And specially, CCFR and Life Outreach International whose members are standing together as a powerful sign that still God loves the people of Romania so much. Sometimes I walk slowly praying on the bricks of honor where the names of many people are posted as ones who made all of this possible for us.

With all my love, Ana Udroni

I can go and go, with story about the Life Center and how the other 25 new resident students were accepted in this fall. Each one has a marvelous story to tell. There are also good life stories out from the harvest field, and from the locations these Life Center youngsters came from. Through evangelism and church planting outreaches, souls like Ana's come one by one to Christ's,

salvation flag, lifted high in Romania. And with all of these we give praises and honor to our Lord Jesus Christ who finds and brings all of these precious souls to Him!

Specially, we thank you so much for your support, love and prayers you blessed us with throughout the reaping harvest fields of Romania.

We lovely greet you and pray for you from Romania,

John & Viorica Dolinschi

P.S.

This may be my last letter to you before the midterm elections in USA. Please pray and stand for the moral political leaders not just for the social nominal Christians. Please go out to cast your vote as we will be accountable before God for the acts of each leader we will vote or not vote for. Whether they stand for good or for the evil the reward bestowed on us will be accordingly from here into the eternity.

The Romania church and leaders are praying for you and for the USA midterm elections.

Let the church reign in righteousness!

John
