# News From Camp

**Dear Friend, Brother and Sister in Jesus Christ!**

It is with a deeper love down in my heart that I write you, as I do my mind, heart and memory goes personally to all of you. My inner imagination is alive and well to see your heart of love behind the scenes.

This is good for who we are is played out in what we do. As we know, all things will pass away and this generation will pass along with them, but what we do to bless others will never pass away but will stay with us forever!

Jesus touched my  
heart and mind on  
this August of  
2014. *Isif*

It is good to think of you before the Lord, and keep our memories alive of what the Lord has done in our lives and for eternity sake to allow us to reach to the poor and needy people who desperately need Him and thus may be in need of our reach and touch.

Thanks for being a true blessing to the summer kids camps!

This year the camps ended in very good shape, the camps were extended to other regions where they never had a camp of their own. This expansion allowed many kids who because of distance and cost would have never been to camp, to attend this camp.

Here are the new regions, Calafat, Piscu Vechi, Argentoia and Valea Lui Patru. These are situated to the extreme south border but within your stretched hands could be reached and could start their side camps.

Many years ago in this southern part of the country CCFR invested into church planting and leadership programs. As a result we have good leadership for these camps but were lacking funds to make it happen. As you may know, I'm not a lone big shot missionary to who controls everything through my own hands, but I'm mostly a disciple maker, raising other leaders and missionaries into the white needy fields.

**Here are a few testimonies** that Pastor Relu and Gigel picked up from the campers.

**Iosif**, is 15 year old, he is the oldest of seven siblings. He writes, I want to thank you that here I found Jesus and know more about our Father God who made the heavens and the earth. He is also walking with me

here on the earth. I want to thank Pastor Relu who came to help and bless our home, and then picked me to come to this camp. And thanks to the American brothers and sisters who supported us to

come to this great camp. We heard here over and over that without their help we wouldn't be here, and to pray for our benefactors. Here I had the best time ever in my life, the meals came in such large portions and delicious. I never had such good and plenty in my past. Also the play and games were so family oriented that we all felt part of a big family. But the highlight was the Bible study and messages as well the singing. I had enjoyed my inside most, from now on I'll write and remember forever, Jesus touched my heart and mind on this August of 2014.

*Our camp staff  
and campers say  
Thank you*

Many children who attend Summer camp meet for the first time, Jesus.

All of you who had a part of making this time of their lives happen, also share in the change that has happened in their lives. From all of them to you, Thanks

**Cosmin** is a 18 year old struggling man with many difficulties and shortcomings. He's striving to finish school and is looking for a higher education. He sadly said, most of my life my parents have struggling with critical illness and diseases and are not able to support me enough in schooling or at this camp, there was no money for me to go to any camp. Unless somebody paid for me to get me to camp I would not be here. Thanks to all who supported me to this beautiful camp site and miracalous meetings at Sistarovat. This was the greatest time and most important event I have ever attended. Here I met Jesus Christ and learned so much about His life and ministry on the earth and that today He is the same. I felt that I'm part of Him too and He cares for me. From now on, I will really live for Him, and have Him live within me at all times.

**Stefania** is a 13 year old precious girl, she tells us, I want first to say this was my happiest day of my life. This morning I just received Jesus Christ in my heart, and I feel so good. Inside me I want to shout for joy and to jump around, I never felt a day in my life as this one beautiful day!

But also I found here a family that really loves me, and I found out that all these around here are my sisters and brothers. I feel so good and fulfilled for this new family I have here, these are real friends. But what to say about the best meals in the world you did serve us here, not only me but all the others they were talking how plenty and good the meals are prepared and cooked. This lady who cooks should be on TV to teach mothers to make

meals. Thanks to you all who helped me to come to this God's camp!

Then, Pastor Relu with tears in his eyes turns around to thank God's army from America all those who helped the precious little kids, and the people of Romania, on evangelism, church planting, and making true disciple leaders. He prayed, especially on this very day, I bring thanks, tearful homage to all of you who helped with this camp that brought abundant life to so many precious kids who received Jesus Christ. Here I

name just a few of the happiest kids who received Jesus and changed their lives: Stefania 13, Violeta 17, Georgiana 16, Adriana 12, and others like they witnessed above.

On one of the camp days, the kids were taken to Craiova city where they visited a very important historical museum, and a botanical park, most of the kids had never been able to visit

Craiova city, so it was a happy shocking treat for them.

Let's sum up, we gave them a little for now but instead we'll have them for eternity, and while around here they are a blessing to many others around them.

### BUILDING THE HOME OF THE WIDOW AND THE ORPHAN

The young widow Ilona Raduceanu and her five kids were truly blessed with not only a new roof but with a complete house repaired and remodeled. If you look back to our June letter, I told the story of this widow and about the rain leaking in her shabby home. However, instead of a \$800 roof repair or about \$2000 for a new roof we ended up receiving over \$5000 for a complete home renewal and made this home worth living in. In June we made sure to temporary patched the roof

to stop the water and damages inside the home.

The first part of summer we had lots of rain in Romania, in fact most of the summer was stormy with several areas flooding in the south. We had to delay the roof work, but while we waited we prayed to get more money to do a whole remodeling job that the house badly needed.

Presently the home has a new roof, the walls have been repaired with plaster and paint. The flooring has been repaired also. If you take a look at the June letter, you hardly recognize the old house besides the renewed one. Here in the picture the roof still not all finished, and even at this time some work is still remaining to be done.

To accomplish the work, I gave some money from my own family budget, and our student daughters participated generously and sent money too. We received more funds from CCFR donations for the roof, from a couple of generous people from America, thanks you, for heartily given to this rescue service!

We all love to give up ourselves on these sort of projects where the real need is, and this uplifts our spirits, and feel blessed afterwards.

### NEW WIDOWS HOMES AND POOR PEOPLE PROJECTS ARE AWAITING

Yes, there are other needy widows, orphan or sick fathers and mothers, very poor families who are needing house and roofs repairs. They are just there in the open, we know

them, but with a sigh and prayer we wait for a miracle money to come in and fulfill the loving care of our hearts and the call of our ministry

Please pray with us, speak to others about us in Romania. We never know where the answer comes from, who may be the ones ready to bless, but for sure, we all faithfully need to do our part of the ministry Thanks for joining with us, thanks for your prayers and support.

#### Interested in supporting the work of Christ Commission for Romania

We are a tax exempt, non profit ministry, in association with

#### KIDS FALL SEMESTER NEED

A couple of pastors from Oltenia region brought up to me a very heartily compassionate need. The new year schooling in Romania is starting after the middle of September and many school kids are lacking the money to buy school supplies, like books, the notebooks, pens, pencils, etc.. The schools in Romania requires a lot from the students, all of these supplies are part of the parents responsibility to equip their kids. The State schools are poorly provided and as well very needy, teacher's salaries are very small also. Many of these parents are struggling to provide food and clothing for their families, and to them this will be a great thanksgiving blessing to get the extra burden off their backs.  
Love You

*John and Viorica Dolinschi*
