

LIFE CENTER
A SUMMER OF
REPAIRS & LOOKING
GOOD

SUMMER ENDS
GREAT TESTIMONIES
FROM CAMP

**SUCEAVA NORTHERN
CAMP**
COMPLETE THE
BUILDING

The Lord is good! We're in the 9th month of this year; all of us are climbing up in life to reach our potential that Christ has called us to! However, many of us are looking back thinking we should have done life differently and accomplished more by now. So let's do better this next step, in the hope that we'll do and fulfill God's will with the little time we have left. Let us connect to the One in whom we have our living and then watch the difference.

It's always more joy to give than to receive, Acts 20: 15, this heavenly joy brings the fruit of the abundant life, joy, peace, health and prosperity in Him!

I do pray and wish for all of you to have all of these more abundantly than you have experienced before.

Presently we're on the move, drive here and there for God. September is a month of local Bible seminars, raising new leaders for Christ's harvest, preaching and driving and then again teaching and encouraging and exhort them to go ahead.

CAMPS

The camps had ended up beautifully. Every participant, including preachers and ministry teams, received a double blessing, fully satisfied in the Lord! Let me give you a picture of a few personal stories from the many, many.

Gheorghina Dumitru is a little teenager; she said that her time at the camp made a whole difference in her own world. She never will be the same. Here she tells; I felt the presence of God. My pastor and leaders spoke of God's presence but here I felt Him.

Even without these encouraging words I felt the love of Jesus

embracing and hugging me. Peace and hope surging into my body, then I was baptized by the Holy Spirit and spoke in unknown tongues. Then right here I truly knew that I'm born again, and received the security that I'm a child of God, and I'm part of His family. My whole life horizon changed and came alive for me, loving all the kids I'm with and not only them, but all the people both good and bad.

At my church we're just a few as the church started about two years ago. All

Alex wasn't faithful to God, but God was faithful to love Alex right back into His arms.

of us in the church are very young in the Lord, and I guess we don't know much about our Lord Jesus.

I am from a large family of 8 kids, and we don't always have enough food on our table. My older brother and my sisters with me are often praying believing God, that He will provide for our needs, and encourage our parents that Jesus is with us and will take care of us. Please pray for my dad as he is still drinking alcohol and spends the little money we get, and he is not a happy man but I love him and I want him saved. My mother started to come to church with us, and she likes it very much, I do hope she will soon be baptized, and my dad following.

Vasile Avidonaie is an 11 year old who came from a broken family, the parents divorced and the mother went to work in Italy. He was left to the care of his aunts. He tells the story: My mother used to send my aunt some support but since about a year ago stopped doing it, she said she lost her job. As for my father I lost track of him, I saw him just a couple of times when I was very small and lost the face of him to remember. I don't know where is he and how he is doing, I just have an old picture I keep close with me. But I don't miss him very much, but still I'm jealous of the lucky kids who have a father who speaks to them with love, and of a smiling mother who hugs her kids. Anyhow, I'm missing dearly my mom, and I pray that she would come back home and be with me.

Here in camp I found Jesus. I felt Him take me in His hands and love me so much like no one before. I gave my whole life to Jesus, and I want to be His child forever. We praised God, joining up to rejoice together with Pastor Vasile.

The Lord really loves these precious little broken hearts and brings true hope and change in their little hearts, comfort comes from the Lord but also we're the physical eyes, mouths and hands of Him. Together we're joining hands in the unity from America and Romania to bless these kids and youth with the love of the Lord!

Jean Braia, is a 17 year old teenager who was lost in the world's ways. He was just going his ways in a sinful life, but Nando who is from River of Life Orsova church, invited him to join him at the Oltenia camp. After a couple of days in the camp the Lord visited him, and Jean came up front to give his life to Christ. After he was asked why he did it, what he felt? Jean said, I was very much impressed from the beginning of this camp, seeing young boys and girls so happy though they are not at a night club, drinking, eating and petting one another. They are very happy, like a constant joy and smile over their faces. This is a different world I

*Summer Camps
are over, for many
life in God is just
beginning.*

told myself, they are like from another planet, and I was hungry to experience it myself.

As I was praying this morning asking for His forgiveness, I felt the same joy of the Lord surging my body, a peace I couldn't describe so I run up to the altar. I did here something I have never done before, kneeling, weeping and lifting my hands, and then jumping with a joyful heart, and just decided from now on I'll serve my Lord Jesus and live for him and make other people happy like me too.

I never wanted this camp to end, but from now on I hope to be happy wherever I go and live.

Alex is a young man in his early 20s, he grew up in a family that didn't know the Lord. He lost his father some years ago, and his mother works in another country. He came in contact with us through a friend who is a member of our church. He came to the camp with us two years ago. All that week there was a strong battle in his mind, over all he heard and felt at the camp. The last night of camp he was

very emotional and declared his faith in Jesus as his Savior! We rejoiced and gladly welcomed him in our community.

But he had to leave the country the very next day after the camp,

and though we gave him a Bible (he never had one), he ended up leading a life that wasn't consistent with a life of faith. Kept coming to church every now and then, but never committed.

So, I was quite surprised when he came to the camp this summer, about the middle of the week. He went through the 'fire tunnel' we had him that day, and he came to me crying and said "He just showed me that He's been loving me all this time, even though I wasn't faithful!" I hugged him and encouraged him saying "Yes, the Lord has been waiting for you to come back. The next day he came and said "I want to do it right now, I'm ready to make a covenant with the Lord, so please baptize me in water!" After a short talk, we did it - in the little creek right there! There was rejoicing and music, and Alex is following the Lord now!

Camp Building Project

The last story was from Suceava northern camp, the Lord moves mightily.

This always was a very strong, consistent and steady camp of CCFRomania, it's under the school director, pastor Nicu Gramesc who about two decades ago moved from Timisoara to make life as a missionary to the northern region of Romania.

The camp of this year was held on our mountain property bought more than 10 years ago, then after a couple of years a building was laid up to be built to serve as a permanent around the year camp, and Bible seminars center. However, because of the global failing economy and the lack of flowing funds the construction was halted until better times. We know everything is according to His divine will, as it is in heaven so be on the earth, and this building completion is included in a divine blue print plan.

While we were together at the camp with Nicu, we prayed and believed it is time to present again the project, hoping someone or some special chosen people may be ready to sponsor it to a final well done job. We want it's full use for the many precious poor and orphan kids,

orphans and youths, and the young generations that will come out of it to a better life, rescued here and saved for the eternity to come.

As Alex came back to the Lord and received Him, dedicating his Life to God, the same this building will come back to stand for God's glory.

Please include this part of the ministry on your prayer list, reminding it to the Lord. There is someone sent by God or an impacting life giving ministry or church awaiting and made ready to obey God's will at this right time.

Praise Report of the Life Center Building

Maintaining God's property to the very best is a backbone of CCFR ministry.

The Lord is a real true giver, enjoys to give gifts He bestows on us, blessing His children, but the big issue is the problem of sin that naturally is born into us. If we are not steadily reminded of the blessings of the Lord we tend to neglect, and by this we forget to thank Him for His given inheritance, as a following consequence we don't contain a good maintenance of His gifts and possessions.

Here at the Life Center, we all work and have a job like a bee hive. All bees are collecting and producing, so then why should we be different. We being born again should behave and be diligent.

This summer we had a complete repairing, painting and updates of the whole building, inside and out. We want it to look great and last longer. Some of our students, though on vacation,

commit some time for a few days to help. Some jobs like the carpenters, plumbing and other sensitive stuff we needed to pay the professionals to fix and do them.

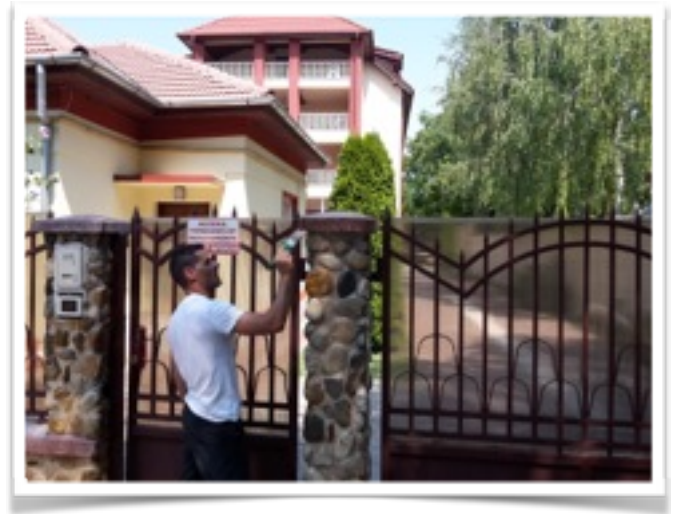

We needed new beds and

student library shelves to equip each dorm room for the new coming year school starting on early October. Actually, most of our

Life Center young people are university and college students. We needed bigger book spaces as well as study desks for them to do their homework.

The building looks gorgeous, it's a desirable peaceful place to live.

Please come for a ministry time to visit with us, you'll be impressed and the tranquil peace will overwhelm you. Come not only to Timisoara, but to the southern and northern region where our Bible and training leaders schools,

evangelism and church planting takes place. Camps by this time are over, but set your time for the next summer.

Praying and hoping to finish up with the all year camp building ready for use.

Love and praying for you,
Thanks for siding with us,

John & Viorica Dolinschi
