

HOPE IS REALIZED
BUILDING

SUMMER CAMPS
COME TO AN END

NEEDY MOTHER
SAVE HER SIGHT

Here on the earth, September the ninth month speaks about the harvesting time, and the number of nine reminds us about the nine fruits of the Spirit. We truly live in the Spirit the Lord is looking for, the harvesting of these fruits through our own lives!

Do we live in Spirit and spread the fruit of the Spirit, Love, Joy and Peace, Patience, Kindness, Goodness, Faith, Gentleness and Self-control? Do we see it? The first three are the seed we received from God, and that becomes what we are from the inside out. Secondly, the next three are the works of love-kindness done to others. Thirdly, as we are faithful to the Lord, godly character is developed and we become the

substance of life changes to others. We truly came to be a light to the world we're living in!

Now the harvesting news from the white fields of Romania: Motru camp one, and Filiasi camp two, both located in Wallachia, the south of Romania but different regions. The harvesting time takes place both spiritually and physically to all ages and social levels. Dozens of kids were saved and gave their lives totally to the Lord. Most of these poor kids appreciated the meals served as the best ones they ever had. The food was really tasty and nourishing life with the mix of protein and vitamins. **One Boy Florian came running up to us and said**, at home I felt sick to my stomach and also tired, but here I feel so good and with lots of energy to run, be active and

play. I believe it is the meals we're given here. Wow, they are so delicious and I'm feeling good and stronger. However, we knew a little better, mostly because his little soul was now at peace with God, even his face was enlightened with happiness.

Little Girl Ghorghina for the first time met Jesus, and after a couple of days came running from her group to a couple of camp leaders and asked: Why do I feel so funny and different from before? Our pastors replied, this is because you have your brothers and sisters with you, but she replied, at my home I have many brothers and sisters and my parents with us too. But why am I so happy now, since this past Wednesday when I gave my life to Jesus? It is like a perfect steady joy of hope with me.

Sometimes, many of us wonder where is that kind of heavenly joy and peace. Weren't we supposed to always have it? Maybe because we don't listen on a daily basis to His voice and forget what Jesus told us. He will be with us throughout all the days of our lives.

Take a moment to think. One day our souls were lost but now we are found, we were dead in sins but now alive, and we're back home with the Father. This is more than anything this temporary life can offer us, nothing compares with it.

Pastor Florin & Jenina Scafaru, Reaching the Younger Generations

Besides preaching, teaching, and pastoring a couple of churches, Florin felt compassion for a little town with no believers. He felt sorry for the little poor people, spiritually, physically and materially as he observed everyone was just trying to survive for another day, for another year, hopeless with no future ahead of them. Most of them lived under the poverty level in Romania, and a lots of them struggling with sickness and all kinds of diseases.

Florin and Jeanina, started to pray and seek the Lord as they saw the poor people fading away into the eternal darkness. After a short while, love, compassion and hope started to fill their hearts and they started to evangelize and personally pray for the people they met. They practically helped with whatever they could, to make their lives a little better.

Specially they touched the children and teenagers who flocked like sheep around them to be protected for the simple fact, because someone was there to care, hug and love them. No-one before spent the time to talk, share and play with them, and become part of their lives. The couple got down to their lower level of living and carrying them from the valley of death up to the mountain of light of the Son of God.

Motru Camp

This summer, a couple dozen kids from Secu town attended the summer camps. All of them were truly blessed with the fullness of life, saved, healed, each one of them has a great story to share but there is no time and space to tell them all here and now.

Pastor Florin in simple faith bought a piece of land by the main street, then after a while the Lord provided a little fund just to lay the church foundation. After the foundation faith seed was planted, the needed money to go on was there to continue on building.

Pastor Florin just sent me some pictures as they advanced with the church building project.

While leading the volunteer workers he builds along with them. He takes the hardest jobs, and in the process has learned to be more of a professional builder. Pastor's hands are on the work as his mouth talks about God's love. God makes miracles for his household and for all the people who love Him. A few unsaved men and women were evangelized and were prayed for, right there on the job site while they were taken the time to volunteer alongside with the new believers.

Now they are in the process of installing the heating system for the building, and the church still needs the final fund for to finish. He continues to believe God who will finish what He started.

However, what I would present this time to you is the pastor family need of a monthly support. Since a long time there is no monthly support and usually they do not have other monthly income. They survive with a small garden and several chickens, however, they make good use of what they have, and the Lord provides here and there.

About \$300 a month will be a great reliable blessing for this wonderful family who is faithful to our Lord. Please consider it as a divine circle of blessing going from one to the other. Starting with you and Florin's support that is going to other people around them. They in turn will be saved and blessed. This blessing comes back to you.

Orsova City Church is Growing and Reaching the City

The church is right on the Danube River, Serbia is just across the river. This first evangelical church planted is making a life difference in the city, it stands tall and spreads around as a tree of life. Now almost all the town people know there is a church that makes a life difference in their city.

This is the first city to the west of Wallachia border with Transylvania, but there was no church until this church made a first step into the town. The communist dictator Ceausescu kept the city atheistic.

Pastor Ludovic Laiko makes his family income as a border policeman, patrolling up and down the Danube River. His compassionate spiritual binoculars beholds on the people who are belonging to the Kingdom of God territory. Ludovic ministers and serves more outside the church building than inside. People get to know him from his job more than his preaching from the church building.

However, this church building is not fully operating yet. It is needing expansion and some finishing.

The most current problem the church has is a leaking roof. It was a temporary flat roof that has run it's life. Water damage is ruining the inside walls, and the molding odor is not comfortable or healthy for the people inside. Please pray that the church may get the fund. The roof will costs about \$10,000.

has six kids that she mostly raises. Her husband is still unsaved, a very heavy alcoholic.

The mother Olga needs urgent eye surgery, the doctor says this should be done as quickly as possible before it is too late to save her sight. One eye is almost blind, and the other is defocusing steadily and quickly progressing losing the sight.

Around \$350 is still needed to save the eyes of this mother who is the sole bread winner and care giver for her children. Thanks to God for this one miracle provision!

Thanks for being steady with us my brother and sister. I'm so happy when I hear from some of our friends who are reading these letters line by line as if it comes from the hand of God, and sure it does, as it is not only me writing but the Lord is in the penned as it comes so easily inspired through the heart of God.

Wishing you the best of God to cover over you. Our family in Christ!
